STATE OF MISSISSIPPI

The Mississippi Insurance Department (MID) continues moving forward to provide a healthy insurance market and to be advocates for the consumers of this state. Our goal is to create the highest degree of economic security, quality of life, public safety and fire protection for the State's citizens at the lowest possible cost. This is accomplished through a variety of initiatives, including the regulation of the insurance and liquefied compressed gas industries and development of statewide fire services.

The MID licenses and monitors the activities of more than 80,000 individuals who hold over 90,000 licenses and 398,000 certificates of authority. The MID approved the levying of fines and administrative penalties totaling \$12,250 in 2011. The Investigations and Consumer Protection Division assisted in obtaining \$32,264 in premium refunds for consumers.

The MID continues to be heavily involved in the liquidation of domestic insurers. This process involves the investigation of the activities and affairs of the insurer to determine what caused the collapse of the insurer. We are charged with pursuing any assets of the insurer. Other duties, where necessary, include filing claims of the insurer against management and other outside parties. The Financial and Market Regulation Division monitored the financial solvency of 2,227 companies with \$10.4 billion premiums written in Mississippi. The Division collected \$1.3 million in filing fees, analyzed 432 domestic company filings, and commenced 14 examinations. The division managed \$36.5 million in pledged securities, participated in 12 multi-state collaborative actions and assessed the financial condition of 118 companies that applied for a license to operate in Mississippi.

There were 5,386 Life & Health form filings reviewed and processed through the automated NAIC System for Electronic Rate and Form Filing (SERFF). The Property and Casualty Ratings Division received a total of 3,176 Property and Casualty filings, with 95% submitted through SERFF (electronic) and 5% submitted as paper filings.

Our Consumer Services Division received and processed 15,000 telephone calls and requests for assistance and complaints resulting in over \$3 million in additional funds being paid to policyholders.

During 2011, the MID returned \$21,792,599.50 in revenues from surplus lines and privilege license fees to the State's General Fund. Direct premium tax figures for 2011 were unavailable from the Mississippi Tax Commission. Over \$200 million a year goes to the general fund from premium taxes, fees, and fines.

EXECUTIVE SUMMARY (Continued)

Through Commissioner Chaney's leadership, the Mississippi Insurance Department is beginning to see results in bringing available, affordable and accountable insurance to all Mississippians. Many of the Department's new and existing programs continue to see great success in our efforts to accomplish the agency's mission.

The federal Patient Protection and Affordable Health Care Act (PPACA) continues to have a major impact on the department. The new Actuarial and Healthcare Reform Division has spent countless man-hours in analyzing the Act and how the provisions affect the state.

Toward compliance with this federal law and creating the establishment of a healthcare exchange run for Mississippians, by Mississippians, the department achieved a number of important goals in 2011, including: conducting thirteen (13) town hall meetings, from June 22, 2011 through June 24, 2011, across the state obtaining stakeholder input and promoting public awareness for a Health Insurance Exchange; improving the Mississippi Insurance Department's ability to review and approve or disapprove health insurance premium rate filings; obtaining a determination by the United States Department of Health and Human Services ("HHS") Center for Consumer Information and Insurance Oversight ("CCIIO") to have an effective rate review program on July 1, 2011; was awarded the "Cooperative Agreement to Support Establishment of State Operated Health Insurance Exchanges" grant totaling \$20,143,618 on August 12, 2011; was awarded the "Health Insurance Rate Review Grant Program Cycle II" grant totaling \$3,783,208 on September 20, 2011; created the Mississippi Health Insurance Exchange Advisory Board and notified the public of the Exchange Advisory Board application and appointment procedures; and was determined by CCIIO to have an effective external review process on December 21, 2011.

The Mississippi Insurance Department maintained its accreditation status in 2011 by meeting all 41 of the legal, financial and organizational accreditation standards set by the National Association of Insurance Commissioners ("NAIC"). The accreditation program is a key tool in promoting and maintaining state-based regulation of the insurance industry.

While fulfilling the stated goals of the Mississippi Insurance Department's mission, unforeseen disasters greatly impacted the duties of the MID during 2011. MID staff and State Fire Marshal deputies responded quickly and efficiently during these events, to assist Mississippians and consumers in surrounding states

In April 2011, several counties in North Mississippi fell victim to devastating tornadoes. Particularly hard hit was the town of Smithville. MID and State Fire Marshal staff were on the ground the day following the storm to assist consumers in filing claims and answering insurance questions, in addition to providing law-enforcement assistance to over-taxed local authorities.

MID also established a Twitter account (@MSInsuranceDept) to provide immediate disaster claim filing information to storm victims and general consumer information throughout the state.

At the request of Alabama authorities, staff was also sent to assist storm victims in Alabama, particularly the Tuscaloosa area, which was devastated by an F-5 tornado.

EXECUTIVE SUMMARY (Continued)

The Mississippi Delta and western counties of the state suffered greatly due to the catastrophic flooding of the Mississippi River in the spring of 2011. Again MID and State Fire Marshal staff immediately responded to assist citizens affected by the disaster.

Near the end of 2009 and the beginning of 2010, the Mississippi Windstorm Underwriting Association, or Wind Pool, received additional funding of approximately \$18 million from the Hurricane Disaster Reserve Fund. This fund was created in 2006 to defray the state's share of any non-federal matching requirements for Federal Emergency Management Agency grants associated with Hurricane Katrina and other disasters. In addition, in Fiscal Year 2010, the Legislature gave the Wind Pool an extra \$20 million in subsidy, which Commissioner Chaney held in reserve to maintain level rates in case there was a budget shortfall. These funds were used in the purchase of reinsurance, and enabled the Windpool to maintain stable rates throughout 2010 and 2011.

No further subsidies are available to the Windpool to help defray the costs and expenses associated with the purchase of reinsurance. As a result, the Commissioner has directed the Windpool to conduct an actuarial analysis to determine the adequacy of its current rate structure. The outcome of this analysis will determine whether future rate adjustments will be necessary.

Eleven new bulletins were issued in 2011, addressing the following: Mississippi NonAdmitted Insurance Statutes; establishment of Insurer Safety Programs; premium moratoriums for storm and disaster victims; use of Geographic Information Systems for Insurance Rating Purposes; dental insurance; submission requirements for health insurance rate increases; the Nonadmitted Insurance Multistate Agreement; establishment of Health Insurance Exchange Advisory Board and Subcommittees; and reporting and collection procedures of premium taxes for Multi-State Surplus Lines Policies.

In an active Legislative session, bills were passed addressing the following issues: changing of the requirement for triennial examinations of companies domiciled in the state to five years; revising certain bail bondsmen licensing provisions; authorize the position of State Chief Assistant Deputy Fire Marshal; allow the Commissioner of Insurance to be represented by his designee on State Health Insurance Management Board; revise laws regarding eligibility for the National Flood Insurance Program; the licensure of any vendor to sell, solicit or negotiate coverage under a policy of portable electronics insurance; the exemption from premium taxes on any property risk written by DFA on behalf of the State of Mississippi; enact uniform mitigation standards for homeowners; create an alternative procedure to obtain where there is a total loss settlement regarding a motor vehicle title; appropriations; create Mississippi Small Business Regulatory Flexibility Act; any person engaging in business of distributing or selling liquefied compressed gas to satisfy State Liquefied Compress Gas Board that he is of good character and competent to transact business before being granted a permit; increase membership on the Comprehensive Health Insurance Risk Pool Association; certain exemptions of licensing requirements of insurance adjusters; set surplus lines nonadmitted policy fees to 3%; work with Department of Public Safety and Department of Revenue to create accessible common carrier based on motor vehicle insurance verification system; require MS Building Codes Council to furnish report on standards for statewide building codes to the legislature no later than December 31, 2012.

EXECUTIVE SUMMARY (Continued)

The State Fire Marshal's Office (SFMO) Smoke Alarm Installation Program continues to act as a vital tool in the fight against fire deaths in the state. During 2011, the SFMO processed 3,163 smoke alarm program participation forms and installed 6,589 smoke alarms.

The MID/State Fire Marshal Fire Services Development Division oversees the accountability and distribution of state fire funds to counties and municipalities. For 2011, the Fire Services Division received and processed 2,048 compliance documents to support the issuance of state fire rebate funds. It disbursed \$15.3 million in rebate funds to counties and municipalities that met the compliance requirements. Before fire departments are eligible to receive rebate funds, they are required to report all fire incidents in the state incident reporting system which is administered by the Division. The fire departments reported 157,087 incidents.

In the Rural Fire Truck Acquisition Assistance Program (RFTAAP), eighteen checks totaling \$1.2 million were issued for new Class A fire trucks. Another sixteen checks totaling over \$517,000 were disbursed under the Supplemental Rural Fire Truck Acquisition Assistance Program (SRFTAAP). The supplemental program also offers counties the opportunity to apply for matching funds for fire truck grants acquired through programs other than the state.

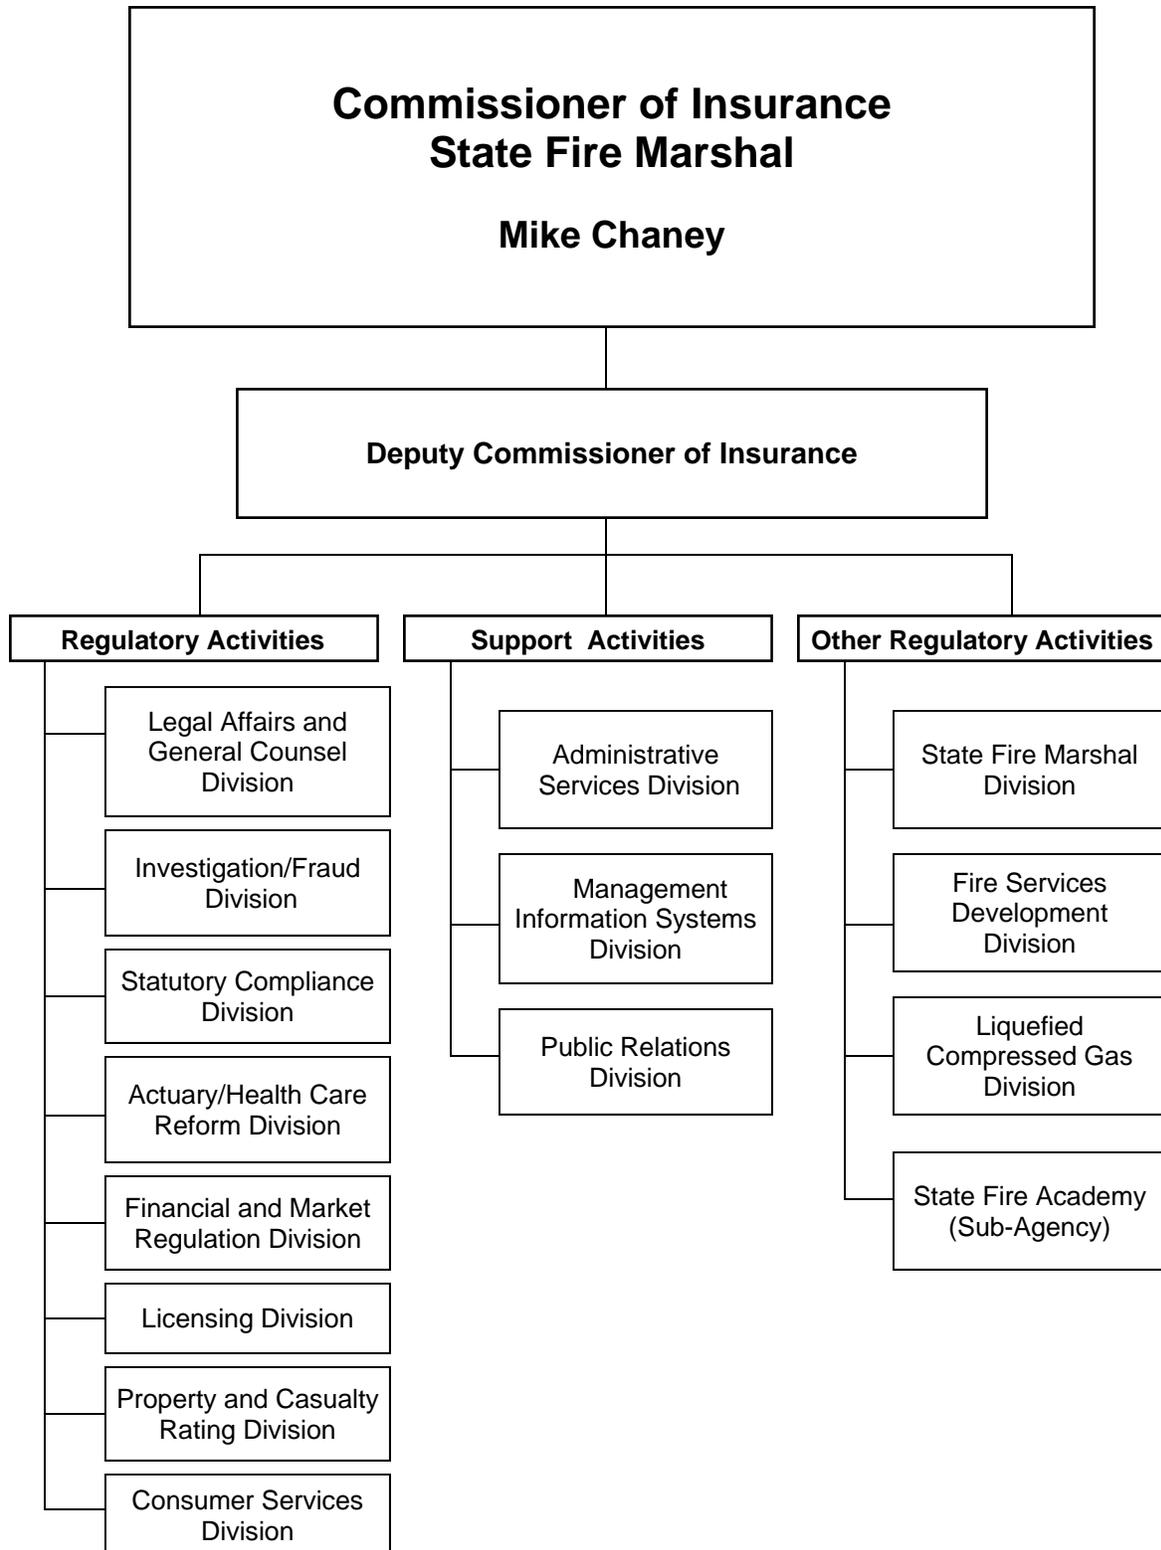

The Mississippi State Fire Academy trained 15,619 students statewide during 2011. The academy delivered 852 courses to career, volunteer, and industrial fire fighters from across the state, nation, and the world. Improvements and additions to the academy continue. In 2011, the Bureau of Buildings started the complete renovation of the Fire Safety Education Auditorium on campus with a June 2012 completion target date; funding for the addition of four (4) new state-of-the-art classrooms on campus was passed by the Mississippi Legislature with a March 2012 completion target date; funding was granted by the Mississippi Legislature for the addition of a new fire prop inside the Burn Building with a March 2012 completion target date.

Other notable achievements at the Academy include acquiring a piece of concrete and steel from the World Trade Center. It is believed this piece came from the North Tower. It is on display in the lobby of the Administration Building on campus. The Academy was also host to a number of prestigious events such as: September 12, 2011- 9/11 Tenth Anniversary Service; October 11, 2011- Annual Fire Fighter Memorial Service; and October 7-9, 2011- Homeland Security Task Force Training Exercises.

Commissioner Chaney's goals and agenda for 2012 include continuing the successful programs begun during 2011, including: strengthening and enforcement of building codes along the Mississippi Gulf Coast; working with stakeholders and legislators in preparing Mississippi's compliance with provisions of the federal Patient Protection and Affordable Care Act and the Dodd-Frank Financial Reform Act; maintaining the financial security of the Mississippi Windstorm Underwriting Association (Wind Pool); and increased fire safety education for all Mississippians in order to reduce fire deaths in the state. Commissioner Chaney will continue his efforts to achieve available, affordable, and accountable insurance for all Mississippians.

Commissioner Mike Chaney was recognized with a national honor by being selected chairman of the powerful Property & Casualty C Committee of the National Association of Insurance Commissioners.
