SCOPE OF EXAMINATION

We have performed our single-state examination of HMO of Mississippi, Inc. ("Company" or "HMOMS"). The last exam was completed as of December 31, 2008. This examination covers the period January 1, 2009 through December 31, 2012.

We conducted our examination in accordance with the NAIC Financial Condition Examiners Handbook. The Handbook requires that we plan and perform the examination to evaluate the financial condition and identify prospective risks of the Company by obtaining information about the Company, including corporate governance, identifying and assessing inherent risks within the Company, and evaluating system controls and procedures used to mitigate those risks. An examination also includes assessing the principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation, management's compliance with Statutory Accounting Principles and annual statement instructions, when applicable to domestic state regulations.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process.

The Company's Articles of Incorporation authorize the issuance of 2,000,000 shares of common stock. HMOMS' organizational documents did not specify a par value or stated value for the common stock; however, HMOMS deemed this class of stock to have a stated value of $10.00 per share. BCBSMS owns 100% of the 250,000 issued shares of HMOMS stock. The Company paid no dividends during the examination period.

HMO of Mississippi, Inc.
MID Examination as of December 31, 2012
Conflict of Interest

The Company had formal procedures whereby disclosure was made to the Board of any material interest or affiliation on the part of any officer or director that was, or would likely be, a conflict with the official duties of such persons. Written statements were signed annually by all officers and members of the Board of Directors.

Corporate Governance

The risk-focused surveillance approach requires examiners to consider the insurer's corporate governance and established risk management processes. This evaluation includes assessing the "tone-at-the-top", board of directors and management oversight and understanding and conveyance of the necessity of internal controls to employees. Strong corporate governance encompasses a clearly defined vision of ethics, appropriate goals, effective strategy, effective implementation of the strategy, and appropriate reporting systems emphasizing feedback and transparency.

It was noted that the Company's management as of December 31, 2012 consisted of a CEO, CFO and Secretary. Information regarding the Board members, committees and other related information can be found in the "Management and Control" section of this report.

The Company operated under a service agreement with BCBSMS, whereby BCBSMS provided certain administrative and management services. As of January 1, 1999, the Company's membership was reduced to zero. There were no groups enrolled, no premiums received and no claims paid during the period under examination.

Management maintains effective controls over its IT environment through utilization of systems of its affiliate, BCBSMS. The Company's organizational structure appears appropriate for the size and nature of the Company.

Management competence is a consideration in the overall assessment of corporate governance. In our review of this area, we considered factors such as management's experience level and management turnover. Management has significant experience with the Company and the health insurance industry; as well as, access to resources available through BCBSMS.

HOLDING COMPANY STRUCTURE

The Company was a member of an insurance holding company system as defined in Miss. Code Ann. § 83-6-1. The Company was required to file with the MID, Holding Company Registration Statements in accordance with Miss. Code Ann. §§ 83-6-5 and 83-6-9. These filings set forth material changes in structure, identity or relationships of affiliates and any material transactions by and between the Company and its affiliates.
