This examination was commenced in accordance with Miss. Code Ann. §83-5-201 *et seq.* and was performed in Ridgeland, Mississippi, at the statutory home office of the Company. The report of examination is herewith submitted.
SCOPE OF EXAMINATION

We have performed our full-scope financial examination of Southern Farm Bureau Property Insurance Company (“SFBPIC” or “Company”). The last examination covered the period of January 1, 2008 through December 31, 2010. This examination covers the period of January 1, 2011 through December 31, 2015.

We conducted our examination in accordance with the National Association of Insurance Commissioners (“NAIC”) Financial Condition Examiners Handbook (“Handbook”). The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

This examination report includes significant findings of fact, as mentioned in the Miss. Code Ann. §83-5-201 and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but separately communicated to other regulators and/or the Company.

COMMENTS AND RECOMMENDATIONS OF PREVIOUS EXAMINATION

There were no comments and/or recommendations made by the Mississippi Insurance Department (“MID”) examination team in the previous examination report, which covered the period from January 1, 2008 through December 31, 2010.

HISTORY OF THE COMPANY

On August 1, 1994, with authorized stock of 100,000 shares of common capital stock (par value $500 per share), the Company was formed under the laws of the State of Mississippi as a wholly owned subsidiary of Southern Farm Bureau Casualty Insurance Company (“SFBCIC”).
On August 23, 1994, which was the Company’s business commencement date, and on May 26, 1998, SFBCIC contributed $8,500,000 and $15,000,000 respectively, of additional paid-in capital to the Company. This investment was made in accordance with the Company’s June 28, 1994 organizational meeting whereby a resolution was passed that permitted the Company to obtain additional capital from SFBCIC.

In 2004, after four hurricanes made landfall in the Southeast, the Company incurred significant losses, and to combat the deterioration of its surplus caused by these losses, SFBCIC made $35,000,000 in capital contributions prior to year-end 2004, and an additional $20,000,000 after year-end 2004.

As a result of significant losses from the devastating hurricanes which struck the Gulf Coast during August and September of 2005, the Company received $71,000,000 under a previously approved line of credit agreement with SFBCIC in order to help provide cash flow for the coverage of these losses. During 2006, the line of credit and the applicable interest was paid in full. Effective January 1, 2007, the Company no longer conducted any active underwriting activities and essentially became inactive. The sole reinsurance activities consist of runoff associated with reinsurance contracts entered into and terminated prior to January 1, 2007. No new contracts have been executed subsequent to January 1, 2007 and at the examination date, the Company had satisfied its obligations under reinsurance contracts previously in place.

Effective February 3, 2015, the shareholders of SFBCIC reorganized the corporate structure, whereby a new holding company, Southern Casualty Holding Company (“SCHC”), was formed. The shareholders exchanged their current shares of SFBCIC for new shares in SCHC of the same class and number. SCHC was owned by six Farm Bureau investment/holding corporations, which were owned/controlled by the Farm Bureau federations/organizations in the states of Arkansas, Colorado, Florida, Louisiana, Mississippi, and South Carolina.

CORPORATE RECORDS

The Articles of Incorporation, Bylaws and amendments thereto were reviewed and duly applied in other sections of this report where appropriate. Minutes of the meetings of the Stockholders, Board of Directors (“Board”) and various committees, as recorded during the period covered by this examination, were reviewed and appeared to be complete and in order with regard to actions brought up at the meetings for deliberation and appropriate action, which included the approval and support of the Company’s transactions and events, as well as the review of the audit and examination report.
MANAGEMENT AND CONTROL

Stockholders

As of December 31, 2015, the Company had 100,000 shares of $500 par value common stock authorized with 3,000 shares issued and outstanding. SFBCIC owned 100% of the shares issued and outstanding. No dividends were paid to the stockholder during the examination period.

Board of Directors

The Articles of Incorporation and Bylaws vest the management and control of the Company’s business affairs with the Board. The members of the duly elected Board, along with their place of residence, year elected/appointed and principal occupation, at December 31, 2015, were as follows:
