For Immediate Release

July 17, 2018

Commissioner of Insurance Mike Chaney and the Mississippi Insurance Department are alerting consumers that there is an individual operating in the Itawamba County area that does not have an agent's license and has no authority to collect insurance premiums.

Matthew B. Perry of Fulton, MS, D/B/A Perco Consulting, LLC, has been acting as an agent and collecting premiums from insureds using fictitious insurance companies. These premiums were used for Mr. Perry's personal use. Perco Consulting, LLC is known to use the following website, <https://goperco.weebly.com/> to solicit business.

Perry, the subject of an ongoing investigation by the Mississippi Insurance Department, does not have an agent's license issued by the Department and has NO authority to collect insurance premiums from anyone or on behalf of any company.

The Mississippi Insurance Department warns consumers that anyone who believes they have purchased insurance policies through Matthew B. Perry or Perco Consulting, LLC should not pay premiums to Perry. Any policyholders who have been paying premiums to Perry or Perco Consulting, LLC or who have questions about their coverage may call the Mississippi Insurance Department's Toll Free Consumer Hotline at 1-800-562-2957.
