Such employees shall not be employees of or have any individual contractual relationship with MID.

3.21. **Key Personnel.** The Contractor shall not substitute key personnel assigned to the performance of this contract without prior written approval by the MID. The individuals designated as key personnel for purposes of this contract are those specified in the Contractor’s Proposal.

3.22. **Subcontracting.** The contract may be subject to assignment provided the Contractor has disclosed its intention to subcontract with the information of the duties to be assigned or subcontracted and to whom the assignment or subcontract will be made. Should the Contractor later decide to assign or transfer any interest in this contract, the Contractor must request in writing to assign part of the work and prior approval must be given by MID in writing.

3.27. **Termination of Contract.**

3.27.1. **Mutual Agreement.** Upon the mutual written agreement of both MID and the Contractor, the contract can be terminated at any time with 120 days written notice except in the case of non-performance or cause.

3.27.2. **Termination for Cause.** In the case of termination for cause or in the case of non-performance of any provision of this contract, termination by MID will be with fifteen (15) days’ notice. MID reserves the right to impose a penalty upon the Contractor if termination is at the Contractor’s request or after the Contractor has repeated cases of non-performance.

3.27.3. **Termination without Notice.** If, in the opinion of the Commissioner of Insurance, there is a danger to the interest of insurance agents, insurance adjusters, bail agents, insurance companies or the citizens of this State, or if any rules of MID have been violated, the Commissioner shall have the right to permanently and immediately terminate the contract or to temporarily suspend it. No later than ten (10) days after receiving written notice of such action, the Contractor may request a contested case hearing, but the Commissioner’s action shall remain in full force and effect until final resolution of the contested case.

3.27.4. **Bankruptcy.** Upon the commencement of a bankruptcy or insolvency proceeding by or against the Contractor, MID may terminate this contract for cause without notice.

3.27.5. **Contractor’s Duties.** Notwithstanding termination of the contract and subject to any directions from the MID, the Contractor shall take timely, reasonable, and necessary action
to protect and preserve property in the possession of Contractor in which the State has an interest. Upon termination of the contract, all finished or unfinished deliverable items prepared by the Contractor under this contract shall become MID’s property.

3.27.6. Excuse for Nonperformance or Delayed Performance. The Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by the Contractor to make progress in the prosecution of work hereunder which endangers such performance) if the Contractor has notified the Agency Head or designee within fifteen (15) days after the cause of the delay and the failure arises out of causes such as: acts of God, acts of the public enemy, acts of the State and any other governmental entity in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes or other labor disputes, freight embargoes, or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, the contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the contractor to meet the contract requirements.

Upon request of the Contractor, the Commissioner of Insurance or his designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor’s progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under Subsection 3.27.3.

3.27.7. Compensation upon Termination. If the contract is terminated by the MID as provided herein, the Contractor shall be paid for services satisfactorily completed, less payment or compensation previously made.

3.27.8. Additional Rights and Remedies. The rights and remedies provided in this contract are in addition to any other rights and remedies provided by law or under this contract.

3.28. Performance and Default. If, through any cause, the Contractor shall fail to fulfill in timely and proper manner the obligations under this agreement, MID shall thereupon have the right to terminate this contract by giving written notice to the Contractor and specifying the effective date thereof. In that event, all finished or unfinished deliverable items under this contract prepared by the Contractor shall, at the option of MID, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such materials. Notwithstanding, the Contractor shall not be relieved of liability to MID for damages sustained by the MID by virtue of any breach of this agreement, and MID may
withhold any payment due to the Contractor for the purpose of setoff until such time as the exact amount of damages due MID from such breach can be determined.

In case of default by the Contractor, the State may procure the services from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

Neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations by any act of war, hostile foreign action, nuclear explosion, riot, strikes, civil insurrection, earthquake, hurricane, tornado, or other catastrophic natural event or act of God.

3.29. Transparency. Any contract entered into by the parties, including any accompanying exhibits, attachments, and appendices, shall be subject to the “Mississippi Public Records Act of 1983”, Miss. Code Annotated § 25-61-1 et seq., and exceptions found in Miss. Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008 (MATA), codified as Miss. Code Annotated § 27-104-151 et seq. Unless exempted from disclosure due to a court-issued protective order, this contract is required to be posted to the Department of Finance and Administration’s independent agency contract website for public access at http://www.transparency.mississippi.gov. Prior to posting the contract to the website, any information identified by the Contractor as trade secrets, or other proprietary information, including confidential Respondent information, or any other information which is required to be confidential by state or federal law or is outside the applicable freedom of information statutes will be redacted.

3.30. E-Verification. If awarded a contract, the Contractor will be required to represent and warrant that it will ensure its compliance with the Mississippi Employment Protection Act of 2008, Mississippi Code Annotated §§ 71-11-1 et seq. and will register and participate in the status verification system for all newly hired employees. The term “employee” as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, “status verification system” means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance and, upon request of the State, and after approval of the Social Security Administration or Department of Homeland Security when required, Contractor agrees to provide a copy of each such verification to the State. Contractor further represents and warrants that any person assigned to perform services hereafter meets the employment eligibility requirements of all immigration laws. The breach of these warranties, may subject Contractor to the following:
a. Termination of this contract for services and ineligibility for any state or public contract in Mississippi for up to three (3) years with notice of such cancellation/termination being made public;

b. The loss of any license, permit, certification or other document granted to Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year; or,

c. Both. In the event of such termination/cancellation, Contractor would also be liable for any additional costs incurred by the State due to Contract cancellation or loss of license or permit.

3.34. Entire Agreement. This contract and any documents incorporated specifically by reference represent the entire agreement between the parties and supersede all prior oral or written statements or agreements. This Request for Proposals, any addenda thereto, and the Respondent’s Proposal are incorporated herein by reference as though set forth verbatim. All promises, requirements, terms, conditions, provisions, representations, guarantees, and warranties contained herein shall survive the contract expiration or termination date unless specifically provided otherwise herein, or unless superseded by applicable Federal or State statutes of limitation.

3.35. Amendments. This contract may be amended only by written amendments duly executed by MID and the Respondent.

4.1.3. The Respondent’s Proposal must be received as directed in Section 4.2. below by the date and time specified. The Respondent’s cooperation during the evaluation process in providing MID staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Respondent’s overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at the State’s discretion, result in the disqualification of the Respondent’s Proposal.

4.3. **Submittal letter.** The first page of the Proposal must be a submittal letter signed by the Respondent, if an individual, or by an authorized representative of a Respondent business entity, which includes the following:

The representations and information in this Proposal are true and correct as of the date of the Proposal. The submitting person or entity represents that it is ready and able to execute a contract if a contract is awarded based on this Proposal. This Proposal shall
remain firm and be valid through the date of the contract resulting from this RFP if awarded. The undersigned represents that the only person or persons, entities, or parties, interested in the Proposal as principals are named in this Proposal. This Proposal is made without collusion with any other person, persons, company or parties submitting a Proposal. If the submitting party is a business entity, the undersigned has full authority to bind the entity in a contract with MID.

The submitting person or entity acknowledges that a material false statement in or omission from this Proposal and all material submitted with this Proposal may cause rejection of the Proposal or the withholding of a contract, or may constitute a breach of an awarded contract.

To ensure equal treatment for each responding Respondent, all questions regarding this RFP must be submitted in writing to the State’s contact person for the selection process, and not later than the last date for accepting responding Respondent questions provided in this RFP. All such questions will be answered officially by the State in writing. All such questions and answers will become addenda to this RFP, and they will be posted to the MID web site. PART 5

RESPONDENT INFORMATION

The objective of the Respondent Information section of this RFP is to provide Respondents with information required to respond to the RFP successfully.

5.1. Interchangeable Designations. The terms “Respondent” and “Contractor” are referenced throughout this RFP. Generally, references to the “Respondent” are used in conjunction with the proposing organization and procurement process leading up to the final RFP selection and award. The term “Contractor” denotes the role assumed, post-award, by the winning Respondent. Additionally, the terms “State of Mississippi,” “State” or “MID” may be used interchangeably throughout this RFP to denote the political entity issuing the RFP and requesting responses from Respondents throughout these specifications.

5.2. Respondent’s Responsibility to Examine RFP. Respondents must examine all documents, forms, specifications, standard provisions, and instructions.

5.3. Proposal as Property of State. All written Proposal material becomes the property of the State of Mississippi.

5.4. Written Amendment to RFP

5.4.1. Any interpretation of an MID RFP will be made by written amendment only. The MID will not be responsible for any other explanation of this RFP. A copy of any amendment will be posted on the MID website, together with the associated RFP specification. Respondents are required to check the MID website periodically for RFP amendments before the proposal opening date at: www.mid.ms.gov/RFP.

5.4.2. MID will use the MID website to post amendments regarding RFPs before the proposal opening at: www.mid.ms.gov/RFP. MID may post clarifications until noon seven days (7) prior to the proposal opening date listed on the cover page of this RFP or the posted extension date, if applicable. Vendors may list any questions or items needing clarification discovered in the week prior to the proposal opening in a written format at the beginning of the proposal binder or in the comment section for the individual offering.

5.5. Oral Communications Not Binding. Only transactions which are in writing from MID may be considered official. No negotiations, decisions, or actions shall be executed by any Respondent as a result of any discussions with any State employee.
5.6. **Reference to other Data.** Only information which is received in response to this RFP will be evaluated; reference to information previously submitted shall not be evaluated.

5.7 **Elaborate Proposals.** Elaborate proposals in the form of brochures or other presentations beyond that necessary to present a complete and effective proposal are not desired.

5.8. **Cost for Proposal Preparation.** Any costs incurred by Respondents in preparing or submitting offers are the Respondents' sole responsibility; the State of Mississippi will not reimburse any Respondent for any costs incurred prior to award.

5.9. **Respondent’s Responsibility for Delivery.** Respondents must ensure, through reasonable and sufficient follow-up, proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this RFP. The State will not be responsible for the failure of any delivery medium for submission of information to or from the Respondent, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.

5.10. **Evaluation Criteria.** The State's intent in issuing this RFP is to award a contract to the best responsive Respondent who meets the specifications considering qualifications and other factors. The Respondent’s past performance, cooperation, and ability to provide service are general factors that will be weighed in the selection process. More specific information concerning evaluation criteria is presented in Technical Specifications.

5.11. **Multiple Awards.** MID reserves the right to make multiple awards.

5.12. **Right to Award in Whole or Part.** MID reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.

5.13. **Right to Use Proposals in Future Projects.** MID reserves the right to evaluate the awarded Proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Respondent is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A decision concerning the utilization of a Respondent’s Proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Respondent. The State’s decision to reuse an awarded Proposal will be based upon such criteria as: (1) the customer’s business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Respondent, market, and technical environments since the initial award.
5.14. **Price Changes during Award or Renewal Period.** A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.

5.15. **Right to Request Information.** The MID reserves the right to request information relative to a Respondent’s references and financial status, and to visit a Respondent’s facilities during normal working hours. The State also reserves the right to request a current financial statement, prepared and certified by an independent auditing firm, and reserves the right to require that Respondents document their financial ability to provide the products and services proposed up to the total dollar amount of the Respondent’s cost proposal. The State reserves the right to request information about the Respondent from any previous customer of the Respondent even if that customer is not included in the Respondent’s list of references.

5.16. **Respondent Personnel.** For RFPs including professional services specifications, the Respondent will be required to provide in the Respondent’s Proposal the information requested in Section 2.3.2. of this RFP.

5.17. **Restriction on Advertising.** The Respondent may not advertise or reference the award of the contract or the services being provided. The Respondent must agree not to refer to awards in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the State of Mississippi.

5.18. **Valid Contract Required to Begin Work.** The successful Respondent should not commence any billable work until a valid contract has been executed. Any work done by the successful Respondent prior to the execution of the contract is done at the Respondent’s sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.

5.19. **Renewal of Contract.** Upon written agreement of both parties at least ninety (90) days prior to each contract anniversary date, the Contract may be renewed by the MID for a period of three (3) successive one-year periods under the same prices, terms, and conditions as in the original contract. The total number of years permitted under this contract shall not exceed four years.

5.20. **Certification.** By executing the Proposal, the signer certifies that this Proposal is submitted competitively and without collusion, that none of our officers, directors, or owners of an unincorporated business entity has been convicted of any violations of Mississippi Code of 1972 and that it is not an ineligible vendor.

5.21. **Confidentiality of Proposals.** In submitting its Proposal the Respondent agrees not to discuss or otherwise reveal the contents of the Proposal to any source outside of the using or
issuing agency, government or private, until after the award of the contract. Only those communications with the using agency or issuing agency authorized by this RFP are permitted. All Respondents are advised that they are not to have any communications with the using or issuing agency during the evaluation of the proposals (i.e., after the public opening of the proposals and before the award of the contract), unless the State’s purchaser contacts the Respondent(s) for purposes of seeking clarification. A Respondent shall not: transmit to the issuing and/or using agency any information commenting on the ability or qualifications of other Respondents to perform the advertised contract and/or the other Respondents’ proposals and/or prices at any time during the procurement process; or engage in any other communication or conduct attempting to influence the evaluation and/or award of the contract that is the subject of this RFP. Respondents not in compliance with this provision may be disqualified, at the option of the State, from contract award. Only discussions authorized by the issuing agency are exempt from this provision.

5.22. **Respondent’s Representative.** Each Respondent shall submit with its Proposal the name, address, and telephone number of the person(s) with authority to bind the firm and answer questions or provide clarification concerning the firm's Proposal.

5.24. **Proprietary Information.** Trade secrets or similar proprietary data which the Respondent does not wish disclosed to other than personnel involved in the evaluation or contract administration will be kept confidential to the extent permitted by Mississippi Code of 1972: Each page shall be identified in boldface at the top and bottom as "CONFIDENTIAL". Any section of the Proposal which is to remain confidential shall also be so marked in boldface on the title page of that section. Cost information may not be deemed confidential. In spite of what is labeled as confidential, the determination as to whether or not it is shall be determined by MID. All proposals in which the entire document is marked “confidential” or “trade secret” will be rejected.

5.25. **Protest Procedures.** The Executive Director of ITS and/or the Board Members of ITS or their designees shall have the authority to resolve Vendor protests in connection with the selection for award of a contract. Copies of the protest procedures may be found at ITS Protest Procedure and Policy, Section 019-020, ITS Procurement Handbook and are available from ITS on request or on the ITS website:
6.1. Compliance Phase. In this phase of the evaluation process, all proposals received will be reviewed to determine if the following mandatory requirements of this RFP have been satisfied.

6.1.1. Team. The evaluation of proposals will be accomplished by an evaluation team, to be designated by the MID, which will determine the proposal most advantageous to the state, taking into consideration price and the other evaluation factors set forth in the RFP. All information provided by the Respondents, as well as any other information available to evaluation team, will be used to evaluate the proposals.

6.1.2. Evaluation. All proposals received in response to this RFP by the stated deadline will receive a comprehensive, fair, and impartial evaluation. The evaluation of any proposal(s) may be suspended and/or terminated at the MID’s discretion at any point during the evaluation process at which it is determined that said proposal(s) and/or Respondent(s) fails to meet any of the mandatory requirements as stated in this RFP, the proposal(s) is determined to contain fatal deficiencies to the extent that the likelihood of selection for contract negotiations is minimal, or the MID receives reliable information that would make contracting with the Respondent impractical or otherwise not in the best interest of the MID and/or the State of Mississippi. All proposals will be reviewed to determine compliance with administrative and mandatory requirements as specified in the RFP. Proposals that are not in compliance may be rejected from further consideration.

6.1.3. Clarification of Proposals. The MID reserves the right to seek clarification of any proposal for the purpose of identifying and eliminating minor irregularities or informalities contained therein.

Along with introductory remarks, the Submission Cover Sheet is to include by attachment the following information about the Respondent.

- Name, address, principal place of business, telephone number, and fax number/e-mail address of legal entity or individual with whom contract would be written.

6.2.1.02. **Work Plan.** Include all project requirements and the proposed tasks, services, activities, etc. necessary to accomplish the scope of the project defined in Section II of this RFP. This section of the technical proposal must contain sufficient detail to convey to members of the evaluation team the Respondent’s knowledge of the subjects and skills necessary to successfully complete the project. Include a list of proposed testing locations, and schedules. Include any required involvement of MID staff. The Respondent may also present any creative approaches that might be appropriate and may provide any pertinent supporting documentation. The Work Plan must specifically address the following:

- Proposed list of testing locations and schedules
- Examination scoring methodology
- Methods to ensure secure transmission of test results to MID and candidates
- Procedures for handling complaints and/or inquiries.
- Electronic capture and secure submission of fingerprints to Mississippi Department of Public Safety, including candidate data and fingerprint fee submission to MID.
- Potential risks that are considered significant to the success of the project. Include how the Respondent would propose to effectively monitor and manage these risks, including reporting of risks to the MID’S contract manager.
- Outcomes and Performance Measurement – Describe the impacts/outcomes the Respondent proposes to achieve as a result of the delivery of these services including how these outcomes would be monitored, measured and reported to the MID.

6.2.1.03. **Project Schedule.** Include a project schedule indicating when the elements of the work will be completed. Project schedule must ensure that any deliverables requested are met.

6.2.2. **Management Proposal.** The Management Proposal will be scored and must contain a comprehensive description of services including the following elements:

6.2.2.01. **Project Team Structure/Internal Controls.** Provide a description of the proposed project team structure and internal controls to be used during the course of the project. Provide an organizational chart of your organization, indicating lines of authority for personnel involved in performance of this potential contract and relationships of this staff to other programs or functions of the organization. This chart must also show lines of authority to the next senior level of management. Include who within the organization will have prime responsibility and final authority for the work.
6.2.2.02. **Staff Qualifications/Experience.** Identify the staff who will be assigned to the potential contract, indicating the responsibilities and qualifications of such personnel, and include the amount of time each will be assigned to the project. The staff must at a minimum include the following:

- Program Manager Supervisor
- Psychometrician

Provide resumes' for the named staff, which include information on the individual’s particular skills related to this project, education, experience, significant accomplishments and any other pertinent information. The Respondent must commit that staff identified in its Proposal will actually perform the assigned work. Any staff substitution must have the prior approval of the MID.

6.2.3. **Experience of the Respondent.** The Experience of the Respondent shall be scored and must include the following information.

6.2.3.01. **Insurance Examinations.** Indicate the experience the Respondent has in the development/administration of insurance examinations. The response should also include a list of insurance examination contracts the Respondent presently holds, and a list of insurance examination contracts the Respondent has lost during the last five years that relate to the Respondent’s ability to perform the services needed under this RFP. For each contract, list the following:

- State in which the contract is held
- Contract reference number
- Contract period of performance
- Contact person(s):
  - Name
  - Direct telephone number(s)
  - Email address(es)

The Respondent must grant permission to the MID to contact each state regarding the insurance examination testing services provided. The MID may evaluate this information at the MID’s discretion.
6.2.3.02. **Related Information.** The Respondent must include the following information:

- If the Respondent contracted with the State of Mississippi during the past 24 months, indicate the name of the state agency, the contract number and project description and/or other information available to identify the contract.

- If the Respondent has had a contract terminated for default in the last five years, describe such incident. Termination for default is defined as notice to stop performance due to the Respondent’s non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the Respondent, or (b) litigated and such litigation determined that the Respondent was in default.

- Submit full details of the terms for default including the other party's name, address, and phone number. Present the Respondent’s position on the matter. The MID will evaluate the facts and may, at its sole discretion, reject the Proposal on the grounds of the past experience. If no such termination for default has been experienced by the Respondent in the past five years, so indicate.

6.2.3.03. **References.** Provide a list of all states in which testing services are being provided. Do not include MID services, if any, as a reference. Include the following information:

List names, addresses, telephone numbers, and email addresses of three (3) business references for the Respondent and three (3) business references for the lead staff person for whom work has been accomplished and briefly describes the type of service provided. Do not include current MID staff as references.
As a part of the reference list, the Respondent and the lead staff person must grant permission to the MID to contact the references and others who may have pertinent information regarding the Respondent’s and the lead staff person’s qualifications and experience to perform the services required by this RFP. The MID may evaluate references at the MID’s discretion.

6.2.4. Cost Proposal. The Cost Proposal will be scored. It is anticipated that the contract, if any, the MID awards, as a result of this RFP will be a fixed price per candidate contract. Therefore, the Respondent shall submit a fully detailed budget including staff costs and any non-labor expenses necessary to accomplish the tasks and to produce the deliverables as requested in the RFP, and the proposed candidate fees required to support the proposed efforts.

6.3. Other Required Documents.

6.3.2. References. Prospective Contractors must supply at least three (3) references of governmental agencies and/or private firms for which they have done similar or related work during the past five (5) years. A sample form is included in this RFP as Exhibit “B”.

6.3.3. Cost Proposal/Execution of Proposal. A sample form is included in this RFP as Exhibit “C”.

6.3.4. Location of Service Contracts Form. This form is to be completed and submitted with the Respondent’s technical proposal. A sample form is included in this RFP as Exhibit “D”.

6.3.5. Proposal Exceptions Forms. If the Respondent is taking exceptions to this RFP, Respondent must include the Proposal Exception Summary Form located in this RFP as Exhibit “E”. If no Proposal Exception Summary Form is included, or if the Respondent states on the Form “No Exceptions Taken”, then the Respondent is indicating that Respondent takes no exceptions to any item in this RFP document.

6.3.5.01. Unless specifically disallowed on any specification herein, the Respondent may take exception to any point within this RFP, including a specification denoted with “shall” or “must,” as long as the following are true:

- The specification is not a matter of State law;
- The Proposal still meets the intent of the RFP;
A Proposal Exception Summary Form is included with Respondent’s Proposal; and

The exception is clearly explained, along with any alternative or substitution the Respondent proposes to address the intent of the specification, on the Proposal Exception Summary Form.

6.3.5.02. The Respondent has no liability to provide items to which an exception has been taken. MID has no obligation to accept any exception. During the proposal evaluation and/or contract negotiation process, the Respondent and MID will discuss each exception and take one of the following actions:

- The Respondent will withdraw the exception and meet the specification in the manner prescribed;
- MID will determine that the exception neither poses significant risk to the project nor undermines the intent of the RFP and will accept the exception;
- MID and the Respondent will agree on compromise language dealing with the exception and will insert same into the contract; or
- None of the above actions is possible, and MID either disqualifies the Respondent’s Proposal or withdraws the award and proceeds to the next ranked Respondent.

6.3.5.03. Should MID and the Respondent reach a successful agreement, MID will sign adjacent to each exception which is being accepted or submit a formal written response to the Proposal Exception Summary responding to each of the Respondent’s exceptions. The Proposal Exception Summary, with those exceptions approved by MID, will become a part of any contract on acquisitions made under this RFP.

6.3.5.04. An exception will be accepted or rejected at the sole discretion of the MID.

6.3.5.05. The MID desires to award this RFP to a Respondent or Respondents with whom there is a high probability of establishing a mutually agreeable contract, substantially within the standard terms and conditions of the RFP. As such, Respondents whose proposals, in the sole opinion of the MID, reflect a substantial number of material exceptions to this RFP, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their proposals.

6.3.5.06. For Respondents who have successfully negotiated a contract with MID in the past, MID requests that, prior to taking any exceptions to this RFP, the individual(s) preparing this proposal first confer with other individuals who have previously submitted proposals to MID or participated in contract negotiations with MID.
on behalf of their company, to ensure the Respondent is consistent in the items to which it takes exception.

6.4. **Award.** Once the committee makes its recommendation, the selected Respondent or Respondents will be notified by MID. The State will notify the successful Respondent and proceed to negotiate terms for final contract. Unsuccessful Respondents will be notified in writing accordingly. The contract, when fully executed, shall be the entire agreement between the MID and the contract Respondent(s).

6.5. **Rejection of Proposals.** The MID may reject all proposals and not award a contract based on this RFP if, in the MID’s judgment, a contract award will not serve the best interests of MID and the State of Mississippi. MID may issue another RFP for the services as described in this RFP or similar services at any time.

6.6. **Proposal preparation costs.** The MID shall not pay or reimburse Respondent for the cost or expense of preparing and submitting a Proposal.

6.7. **Standard Contract.** A properly executed contract is a requirement of this RFP. After an award has been made, it will be necessary for the winning Vendor to execute a contract with MID. The inclusion of this contract does not preclude MID from, at its sole discretion, negotiating additional terms and conditions with the selected Vendor(s) specific to the projects covered by this RFP.

The required minimum contractual provisions are stated in Part 3 of this RFP. If Vendor cannot comply with any term or condition of this Standard Contract, Vendor must list and explain each specific exception on the Proposal Exception Summary Form included in Exhibit “E”.
