Health

Loss or Change in Benefits

It is the intent of your Plan Administrator to continue this Plan indefinitely. However, your Plan Administrator retains the right to amend or terminate the Plan at any future time. No consent of any participant or beneficiary is required to terminate, modify, amend or change the Plan.

Your coverage and your dependents' coverage terminates for fraud or intentional misrepresentations by you in connection with application for coverage or claim for benefits, when you leave employment, when you are no longer eligible, if you fail to make the required contributions, or the Benefit Plan terminates, whichever happens first. In addition, your spouse's coverage terminates at the time of legal separation or the entry of a final decree of divorce or other legal termination of marriage.

Note: If you cease active work, contact your Plan Administrator to determine what arrangements, if any, may be made to continue coverage for you and your dependents beyond the date you cease active work.

Rights and protections

As a participant in the Benefit Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Benefit Plan participants shall be entitled to:

1. Examine, without charge, at the Plan Administrator's office or your local personnel office all Plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.
2. Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. Blue Cross & Blue Shield of Mississippi may make a reasonable charge for the copies.
3. Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of this Plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and the other Plan participants and beneficiaries.

No one, including your employer, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to have Blue Cross & Blue Shield of Mississippi review and reconsider the claim.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within thirty (30) days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the material and pay you up to \$100.00 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of Blue Cross & Blue Shield of Mississippi. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous. If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

J. Continuation Coverage

Group health plans that are not subject to COBRA are: 1) small-employer plans (employers with fewer than 20 employees during the preceding calendar year), 2) church plans (as defined by COBRA), and 3) governmental plans (as defined by COBRA).

- a. When COBRA is applicable to the Benefit Plan, the Member, satisfying the requirements of a Qualified Beneficiary (See Definition Section), will have the option to elect COBRA Continuation Coverage under this Benefit Plan when he or she experiences a Qualifying Event. See the Qualifying Events listed below:

- (1) If the Member is the employee, he or she has the right to choose COBRA Continuation Coverage in the event loss of coverage under this Benefit Plan is due to:

- (c) A Member's loss of coverage due to Family Medical Leave Act is not a Qualifying Event for COBRA Continuation Coverage.

- (2) If the Member is the legal spouse of the covered employee, he or she has the right to choose COBRA Continuation Coverage in the event loss of coverage is due to:
- (a) the death of the covered employee. The legal spouse (Qualified Beneficiary) will be eligible to stay on the Benefit Plan for up to 36 months;

 - (c) divorce or legal separation from the covered employee. The legal spouse (Qualified Beneficiary) is eligible to stay on the Benefit Plan for up to 36 months;
 - (d) the covered employee becoming entitled to Medicare. Entitlement means enrollment in either Part A or Part B, not merely the covered employee becoming eligible to enroll in either Part A or Part B of Medicare. The legal spouse (Qualified Beneficiary) is eligible to stay on the Benefit Plan for up to 36 months.
- (3) If the Member is the covered dependent child of the covered employee, he or she has the right to choose COBRA Continuation Coverage in the event loss of coverage is due to:

 - (b) termination of the covered employee's employment (for reasons other than gross misconduct) or reduction, in the covered employee's hours of employment. The covered dependent child is eligible to stay on the Benefit Plan for 18 months;
 - (c) the covered employee's divorce or legal separation from the covered dependent child's parent where the divorce or legal separation results in a loss of coverage for the covered dependent child. The covered dependent child (Qualified Beneficiary) is eligible to stay on the Benefit Plan for a period of 36 months;
 - (d) the covered employee becoming entitled to Medicare. Entitlement means enrollment in either Part A or Part B of Medicare. The covered dependent child (Qualified Beneficiary) is eligible to stay on the Benefit Plan for up to 36 months;

- (e) the covered dependent child reaches an age (age 26 under this Benefit Plan) or condition which makes he or she no longer eligible to be covered under the Benefit Plan. The covered dependent child (Qualified Beneficiary) is eligible to stay on the Benefit Plan for a period of 36 months;
- (f) a child born to a covered employee, or a child who is placed for adoption with the covered employee, during the covered employee's COBRA Continuation Coverage, will be eligible to become a Qualified Beneficiary. In accordance with the terms of the Benefit Plan and the requirements of the federal law, this child can be added to the COBRA Continuation Coverage upon proper notification to the Group and Company.

b. How to obtain COBRA Continuation Coverage.

- (1) Under the Law, the Group (employer) or the Group's Plan Administrator, where applicable, has the responsibility to provide the Notice of COBRA Continuation Coverage Rights (Notice of COBRA), containing information about COBRA Continuation Coverage rights, to the employee and his or her spouse, within a 90 day period from the date the employee first becomes covered under the Benefit Plan.
- (2) Under the law, the covered employee and his or her dependents have the responsibility to inform the Group (employer) or the Group's Plan Administrator, where applicable (See Important Information Section in the back of the Summary Plan Description), of a divorce, legal separation, a covered dependent child losing dependent status under this Benefit Plan, a determination of disability or a change of disability status has been made by the Social Security Administration, or of a second Qualifying Event, within 60 days of the later of: (1) the date of one of the aforementioned events or (2) the date on which coverage would otherwise end under this Benefit Plan because of the event, (3) the date that the Qualified Beneficiary receives notice (via the Summary Plan Description or Notice of COBRA) of his or her obligation to furnish notice of the Qualifying Event and the procedures for furnishing that notice. In order to notify the Group (employer) or the Group's Plan Administrator, where applicable, of a possible Qualifying Event, the covered employee and his or her dependents should complete the COBRA Qualified Beneficiary Notice which contains the Member's and/or Qualified Beneficiaries' name, address, identification number, and a brief description of the event which may be a Qualifying Event for COBRA Continuation Coverage. The covered employee and his or her dependents should forward the COBRA Qualified Beneficiary Notice to the Group (employer) or where applicable the Group's Plan Administrator.

- (3) Under the Law, the Group (employer) has the responsibility of notifying the Plan Administrator of the employee's termination of employment or reduction in hours, the employee's death, the employee's becoming entitled to Medicare, or the commencement of a proceeding in bankruptcy with respect to the employer. The Group (employer) must make this notification to the Plan Administrator within 30 days of the event as outlined above.
- (4) When the Plan Administrator is notified that one of these events (listed in the paragraph above) has occurred, the Plan Administrator will, in turn, notify the Qualified Beneficiary that he or she has the right to choose COBRA Continuation Coverage. Notification to the Qualified Beneficiary will be in the form of a COBRA Continuation Coverage Election Notice (Election Notice). The Plan Administrator must send the Election Notice within 14 days of being notified of the event by the Group or the Qualified Beneficiary. Under the law, when the Group (employer) acts as the Plan Administrator, the Group must send the Election Notice within 44 days of the date on which the Qualified Beneficiary loses coverage under the Benefit Plan due to a Qualifying Event.
- (5) A Qualified Beneficiary has 60 days from the date that he or she loses coverage because of one of the Qualifying Events outlined above, or from the date the Election Notice is sent to the Qualified Beneficiary, whichever is later, to inform the Plan Administrator that he or she wants COBRA Continuation Coverage.
- (6) In the event the Qualified Beneficiary does not choose COBRA Continuation Coverage, his or her coverage under this Benefit Plan will end. A Qualified Beneficiary can only waive COBRA Continuation Coverage for himself or herself.
- (7) If the Qualified Beneficiary chooses COBRA Continuation Coverage, he or she will have the same coverage under this Benefit Plan as he or she had on the day before the Qualifying Event.
- (8) If the covered employee or covered dependent is entitled to Medicare at the time he or she has a qualifying event for continuation coverage under COBRA, the employee or dependent will have the option to continue coverage under the Benefit Plan. The COBRA Continuation Coverage rules will apply.
- (9) If the Group (employer) or the Group's Plan Administrator, where applicable, receives any notice of a Qualifying Event from a Member or Qualified Beneficiary, who is not eligible to receive COBRA Continuation Coverage, the Group (employer) or the Plan Administrator, where applicable, will provide a Notice of Unavailability of Continuation Coverage to the individual explaining why he or she is not entitled to COBRA Continuation Coverage. The Group (employer) or the Group's Plan Administrator, where applicable, will provide the Notice of Unavailability of Continuation Coverage to the individual within 14

days after receiving notice of a qualifying event from the individual.

- (10) Under the Law, a covered employee and his or her dependents, who are certified eligible for trade adjustment assistance pursuant to the Trade Act of 2002 and did not elect continuation coverage during the standard 60-day COBRA election period as a direct consequence of the trade adjustment assistance related loss of coverage, shall be provided a second 60-day COBRA enrollment period. This second enrollment period begins on the first day of the month in which the covered employee and his or her dependents are determined to be a trade act assistance eligible person, provided that such enrollment is made not later than six (6) months after the date of the trade assistance act related loss of coverage. Any coverage so elected will begin on the first day of the second election period, and not on the date on which coverage originally lapsed.

c. Payment for COBRA Continuation Coverage.

- (1) The Qualified Beneficiary's payment for COBRA Continuation Coverage can not exceed 102% of the applicable premium for similarly situated Members (An exception to this rule is if COBRA Continuation Coverage is extended due to disability, see below).
- (2) Insured Plans (like this Benefit Plan) may charge total premium (employee's and employer's contribution) plus 2%.
- (3) Premium payments are owed from the date of the Qualifying Event and must be paid within 45 days of the date the covered employee or covered Dependent elects COBRA Continuation Coverage.
- (4) Premiums, after the first premium, are due on a monthly basis. The Qualified Beneficiary is allowed a 30 day grace period every month for premium payment. The grace period begins on the first day of the coverage period.

d. Extending the Maximum Period

- (1) Any Qualified Beneficiary determined to be disabled under Title II or Title XVI of the Social Security Act is entitled to a total of 29 months of COBRA Continuation Coverage, rather than the 18 months. To receive the disability extension, the Qualified Beneficiary must meet the following requirements:
 - (a) The Qualified Beneficiary must experience an 18 month Qualifying Event.
 - (b) The Social Security Administration must have determined that the individual (Qualified Beneficiary) was disabled (disability "onset" date) either before the Qualifying Event or within the first 60 days of the 18 month COBRA Continuation Coverage.

- (c) The Group (employer) or the Group's Plan Administrator, where applicable, (see the Important Information Section of the Summary Plan Description) must have been provided with a copy of the Social Security determination of disability:
 - (i) before the end of the Qualified Beneficiary's initial 18 months of COBRA Continuation Coverage, and
 - (ii) within 60 days after the latest of:
 - (1) the date of the Social Security Administration disability determination;
 - (2) the date on which the Qualifying Event occurs;
 - (3) the date on which the Qualified Beneficiary loses coverage; or
 - (4) the date on which the Qualified Beneficiary is informed of the obligation to provide disability notice.
- (d) In the event the Qualified Beneficiary receives the 29 month disability extension, the Benefit Plan is permitted to request a payment amount that does not exceed 150 percent of the applicable premium for any period of COBRA Continuation Coverage covering a disabled Qualified Beneficiary, if the coverage would not be required to be made available in the absence of the disability extension.
- (e) If the Qualified Beneficiary entitled to the disability extension has non-disabled family members who are entitled to COBRA Continuation Coverage, then non-disabled family members are also entitled to the 29 month disability extension.
- (f) The Qualified Beneficiary must notify the Plan Administrator (See the Important Information Section of the Summary Plan Description) within 30 days of any final determination that the individual is no longer disabled.

(2) Multiple Qualifying Events

- (a) A Multiple Qualifying Event is when a Qualifying Event (example: termination of employment) that gives rise to an 18 month maximum coverage period is followed by another Qualifying Event within the 18 month COBRA Continuation Coverage period. The second Qualifying Event (e.g. death of the covered employee) gives the Qualified Beneficiary a 36 month maximum coverage period. In this case the original 18 months period is expanded to 36 months from

the original Qualifying Event date, but only for those individuals who were Qualified Beneficiaries under the Benefit Plan in connection with the first Qualifying Event and who are still Qualified Beneficiaries at the time of the second Qualifying Event. NOTE: The Qualified Beneficiaries only receive the remaining balance of the 36 month period.

- (b) Termination of the covered employee's employment following a reduction in hours event is considered a single 18 month Qualifying Event. These events together are not considered Multiple Qualifying Events.
- e. Termination of COBRA Continuation Coverage.
- (1) COBRA Continuation Coverage will be terminated when:
 - (a) the maximum available period of COBRA Continuation Coverage has been exhausted by the individual (example: the 18, 29, or 36 month period has run out);
 - (b) the Qualified Beneficiary fails to make a timely premium payment as specified in this Benefit Plan;
 - (c) the Qualified Beneficiary becomes covered by another group health plan after he or she has elected COBRA Continuation Coverage under this Benefit Plan. The only exception to this rule is the following:
 - (1) The Qualified Beneficiary may continue COBRA Continuation Coverage under this Benefit Plan if the new group health plan that the individual is enrolling in has an exclusion or limitation that applies to a Pre-existing Condition of the Qualified Beneficiary.
 - (2) An exception to (1) above is if the Qualified Beneficiary has 18 months of prior Creditable Coverage, with no break in coverage, prior to obtaining coverage under a new group health plan. In this instance, the Qualified Beneficiary's COBRA Continuation Coverage can be terminated.
 - (d) The Qualified Beneficiary becomes entitled to Medicare. Entitlement means enrollment in either Part A or Part B, not merely the individual becoming eligible to enroll in Part A or Part B of Medicare.
 - (e) The employer ceases to provide any group health plan to any employees.

- (f) The Qualified Beneficiary ceases to be disabled according to the Social Security Administration after the Qualified Beneficiary's 11 month disability extension has begun.
 - (2) In the event of any termination of COBRA Continuation Coverage before the maximum available COBRA period has been exhausted, the Group (employer) or Group's Plan Administrator, where applicable, will provide a Notice of Termination of COBRA Coverage to the Qualified Beneficiary. This notice will explain the reason the coverage has been terminated, provide the date of the termination, and describe any right that the Qualified Beneficiary may have to elect alternative group or individual coverage.
- 2. Continuation of Coverage (As Required by Section 83-9-51, As Amended, Mississippi Code of 1972)
 - a. Subject to the provisions listed in this Section, the following individuals may be eligible to continue their coverage under this Benefit Plan.
 - (1) A Subscriber whose coverage under this Benefit Plan ends may be eligible to elect continuation of coverage under this Benefit Plan for himself or herself and any eligible Dependents who were covered on the date the Subscriber's coverage ended.
 - (2) A covered dependent spouse of a Subscriber may be eligible to elect continuation of coverage under this Benefit Plan for himself or herself and any covered dependent children for a period not to exceed twelve (12) months after: (a) the date of the death of the Subscriber; (b) the date of the dependent spouse's divorce from the Subscriber; (c) the date the Subscriber becomes entitled to Medicare.
 - (3) A covered dependent child of the Subscriber may be eligible to elect continuation of coverage under this Benefit Plan for a period not to exceed twelve (12) months after the child ceases to be an eligible Dependent of the Subscriber as defined in this Benefit Plan.
 - b. Continuation Coverage shall not be available for any person (Subscriber or Dependent) if:
 - (1) the person was not continually covered under this Benefit Plan for three consecutive months immediately before the date his or her coverage ended; or
 - (2) the person becomes eligible for other group coverage within 31 days after coverage under this Benefit Plan ends; or
 - (3) the person could become eligible for other group coverage within 31 days after coverage under this Benefit Plan ends; or
 - (4) the person's coverage under the existing Benefit Plan terminates due to fraud; or

- (5) the person's coverage under this Benefit Plan is terminated due to his or her failure to pay the required premium contribution; or
 - (6) the person is eligible for continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA).
 - (7) the person becomes entitled to Medicare benefits.
- c. In order to receive continuation of coverage under this Benefit Plan, the person (Subscriber or Dependent) must adhere to the following provisions:
- (1) The Subscriber must notify Company in writing of his or her election to continue coverage under this Benefit Plan (A form providing notification of the Subscriber's election to continue his or her coverage is available from Company); and pay any required contribution to Company no later than the date on which coverage under this Benefit Plan would otherwise end.
 - (2) In the event of the Subscriber's death, the Group shall notify Company of the date of the Subscriber's death. Within 14 days of receiving notification of the Subscriber's death, Company shall provide notice of the continuation privilege to the dependent spouse or the dependent child (or the legal representative of the dependent child). The dependent spouse or the dependent child has 30 days after receiving notice from Company to elect continuation coverage under this Benefit Plan (A form providing notification of the dependent spouse's or the dependent child's election to continue coverage is available from Company). The dependent spouse or the dependent child is required to pay any contribution to Company.
 - (3) In the event that a covered dependent child of the Subscriber ceases to be an eligible Dependent, the Group shall notify Company of the date the dependent child ceases to be an eligible Dependent. Within 14 days of receiving notification from the Group, Company shall provide notice of continuation privilege to the dependent child. The dependent child has 30 days after receiving notice from Company to elect continuation coverage under this Benefit Plan (A form providing notification of the dependent child's election to continue coverage is available from Company). The dependent child is required to pay any required contribution to Company no later than the date on which coverage under this Benefit Plan would otherwise end.
 - (4) In the event of the Subscriber's divorce from his or her dependent spouse, the Group shall notify Company of the date of the divorce. Within 14 days of receiving notification from the Group, Company shall provide notice of continuation privilege to the former dependent spouse. The former dependent spouse has 30 days after receiving notification from Company to elect continuation

coverage under this Benefit Plan (A form providing notification of the former dependent spouse's election to continue coverage is available from Company). The dependent spouse is required to pay any required contribution to Company no later than the date on which coverage under this Benefit Plan would otherwise end.

- (5) Special Note: Only the Subscriber may add newly eligible dependents in accordance with the rules set out in Article II, Schedule of Eligibility, Section E, paragraph 3 and/or paragraph 4.

d. Continuation of Coverage under this Benefit Plan shall terminate on the earliest of the following dates:

- (1) Twelve calendar months from the date the person's (Subscriber) coverage under this Benefit Plan would have ended; or
- (2) The date ending the period for which the person (Subscriber or Dependent) last paid any required premium contribution; if the person discontinues their contributions; or
- (3) The date the person (Subscriber or Dependent) becomes or is eligible to become covered under group coverage which is similar to this Benefit Plan; or
- (4) The date on which this Benefit Plan is terminated; or
- (5) The date the surviving spouse or former spouse of the Subscriber remarries and becomes covered under another group health plan that does not exclude coverage for pre-existing conditions; or
- (6) The date the person (Subscriber or Dependent) becomes entitled to Benefits under Medicare.

Note: See Paragraph K below for Conversion Rights when continuation coverage terminates.

K. Conversion Rights

- 1. Continuation Coverage, required by federal law (COBRA), is available to the Employee and/or Dependent for 18 or 36 months as described in Paragraph I above when coverage might otherwise be lost. Those who elect continuation coverage are eligible, at the expiration of continuation coverage, to convert their coverage as described in this Paragraph K.
- 2. Continuation Coverage, required by Section 83-9-51, Mississippi Code of 1972, is available to the employee (who is not eligible for continuation coverage under COBRA) for 12 months as described in Paragraph I.2. above when coverage might otherwise be lost. Those who elect continuation coverage are eligible, at the expiration of continuation coverage, to convert their coverage as described in this Paragraph K.

3. When the Employee leaves employment of the Group and becomes employed by another employer having a group coverage contract with Blue Cross & Blue Shield of Mississippi, he/she is eligible to transfer to the other group coverage contract.
4. When the Employee leaves the employment of the Group and does not obtain Blue Cross and Blue Shield coverage with any new employer, and continuation coverage, if any, ends, he/she is eligible for coverage under a non-group conversion contract then being offered by Blue Cross & Blue Shield of Mississippi. (Continuation coverage under this Benefit Plan is available as set out in Paragraph I above.)
5. When a Dependent's coverage terminates because of ineligibility due to age or marriage, he/she is eligible for coverage under a non-group conversion contract then being offered by Blue Cross & Blue Shield of Mississippi. (Continuation coverage under this Benefit Plan is available as set out in Paragraph I above.)
6. The conversion contract will not be a continuation of the Benefits provided by this Benefit Plan. The Benefits and fees may differ substantially from those provided for hereunder. Copies of the available non-group conversion contracts; specifying their Benefits, limitations, and exclusions, are on file with the group/employer, and can be obtained upon request. Copies may also be obtained from Blue Cross & Blue Shield of Mississippi, A Mutual Insurance Company, Post Office Box 1043, Jackson, MS 39215-1043.
7. No conversion privileges are available to an Employee or Dependent where the Group terminates this Benefit Plan or when Company terminates this Benefit Plan for any reason permitted in this Benefit Plan.
8. Direct payment for coverage under the conversion contract must be made from the date the person ceases to be eligible under this Benefit Plan.
9. The conversion contract will be effective on the date of termination of the Employee's or Dependent's coverage under this Benefit Plan. However, credit will be given for the time coverage was held under this Benefit Plan toward any waiting period in the conversion contract. If maternity Benefits are desired under the conversion contract, the Employee must apply for Family Coverage at the time of conversion and Benefits will be provided in accordance with the terms of the contract in effect at the time of delivery.
10. Written application for the conversion contract must be made to Blue Cross & Blue Shield of Mississippi no later than thirty-one (31) days after termination of coverage under this Benefit Plan.

L. Network and Non-Network Providers

1. Network Provider
 - a. Company has entered into payment agreements with Network Providers (Hospital, Physician or Allied Provider) to provide services to persons entitled to Network Benefits under Company's products, including Members under this Benefit Plan. Under these payment agreements, Blue Cross & Blue Shield of Mississippi does not always pay an amount

to the Network Provider which corresponds to the Benefit amount. The payment made by Blue Cross & Blue Shield of Mississippi together with the Member's Deductible, Coinsurance, and/or Co-payment may be greater or than or less than Covered Charges. Any savings as a result of these payment agreements are utilized in the financing of this Benefit Plan.

- b. When a Member utilizes a Network Provider (Hospital, Physician or Allied Provider), the Network Provider is responsible for: (1) following the Company's Care Management requirements, (2) complying with Company's Medical and Prescription Drug Policy, (3) filing the Member's claim with the Company and (4) complying with the Company's Network Provider Agreements by not billing the Member for any charges that are determined not to be Medically Necessary or above the Allowable Charge.

2. Non-Network Provider

- a. Network level Benefits will not be paid to a Non-Network Provider unless the Covered Services meet one of the following criteria:
 - 1. In unique situations when the Member requires the special services of a Non-Network Provider due to the fact that special services are not available by a Network Provider. The Member and his Network Provider must:
 - a. Obtain the Company's pre-approval for a referral to a Non-Network Provider, and
 - b. Provide documentation supporting the fact that the Admission to such Hospital or referral to such Provider is Medically Necessary.
 - 2. In instances of further referrals (a third or more referral), the higher Benefit level will be paid as long as the Network Provider is involved in the referral and the referral is pre-approved by the Company.
 - 3. Member is admitted as an Inpatient to a Hospital as a result of an accident or an Emergency.
 - 4. Member receives Outpatient Services as a result of an accident or an Emergency.
- b. Anytime the higher Benefit level is paid in the cases listed above, Coinsurance will accrue toward the Network Out-of-pocket amount. Once the Network Out-of-pocket amount is met, Benefits will be paid at 100% (where applicable).
- c. When a Member utilizes a Non-Network Provider (Hospital, Physician, or Allied Provider), the Member is solely responsible for (1) ensuring that the Non-Network Provider complies with the Care Management requirements set out in this Benefit Plan, (2) ensuring the Non-Network Provider

complies with the Company's Medical Policy and (3) filing his or her claim with the Company. The Non-Network Provider's failure to comply with the Care Management requirements or to follow Medical Policy can result in a determination by Company that the services are non-covered or not Medically Necessary. Additionally, no Benefits are provided for certain Covered Services when the Member receives the services from a Non-Network Provider. Non-Network Providers may bill the Member for any charges that are determined not to be Medically Necessary or above the Allowable Charge except for any non-covered expenses, and Deductible Amount, Coinsurance and/or Co-payment amount required by the Benefit Plan.

M. Claims Filing Requirements, Request for Services, and Time of Payment of Claims

1. Company will not be liable under this Benefit Plan unless, within one year from the date the Covered Service is rendered, a claim is filed with the Company in a form and manner that effectively provides notice to the Company that the Covered Service has been rendered. A claim will be considered incurred on the date the service or supply is actually rendered or provided to the Member.
2. A claim for a Covered Service that has been provided by a Network Provider must be filed directly with the Company by such Provider within one year from the date the service is rendered.
3. Time of Payment of Claims

The Provider or Member (where applicable) must file the appropriate claim form with the Company within 90 days after the services are rendered by the Provider.

- a. Benefits for any loss caused under this Benefit Plan will be paid as follows:
 - (1) Electronic Claims: After the Company receives the appropriate claim form, necessary medical information and any other information deemed essential by Company, Benefits will be paid within twenty-five (25) days after the receipt of a "Clean Claim."
 - (2) Paper Claims: After the Company receives the appropriate claim form, necessary medical information and any other information deemed essential by Company, Benefits will be paid within thirty-five (35) days after the receipt of a "Clean Claim."
- b. In the event Benefits which are due are not paid within the time frames outlined above, Company will pay interest to Provider (where the claim is owed to the Provider) or the Member (where the claim is owed to the Member) equal to the rate of one and one-half percent (1½ %) per month accruing from the day after payment was due on the amount of Benefits.
- c. In the event Company fails to pay Benefits as outlined above, the Provider or Member (where applicable) may bring an action to recover such Benefits and interest.

- d. A “Clean Claim” is defined as a claim received by Company for adjudication and which requires no further information, adjustment or alteration by the Provider of services or the Member in order to be processed and paid by Company. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstances requiring special treatment that prevents timely payment from being made on the claim. Claims which must be researched for Coordination of Benefits or Subrogation issues will not be considered a Clean Claim.

N. Individual Benefit Determination and Appeal Procedure

1. DEFINED TERMS (APPLICABLE ONLY TO SECTION N)

- a. **Designation of Authorized Representative:** A Member may designate an Authorized Representative to act on the Member’s behalf. A designated Authorized Representative may be any individual who is not otherwise included under the same coverage as the Member. A natural parent of a minor dependent Member and a provider of services for a Member may act on behalf of the Member without obtaining a formal designation. Any designation of an Authorized Representative must be submitted to the Company on a form that will be provided by the Company upon request of the Member. This Designation of Authorized Representative form must be signed by the Member whose claim is involved and submitted to CLAIMS REVIEW at the address specified on the form. Once an Authorized Representative has been formally designated by a Member, all communications pertaining to the claim at issue will be directed to the Authorized Representative. Anyone acting as an Authorized Representative for a Member must adhere to all procedures and requirements contained herein which are otherwise the responsibility and obligation of the Member.
- b. **Post-Service Claim:** A claim that is submitted for medical services that have already been rendered to the Member. The Member will receive an electronic Explanation of Benefit reflecting the initial Benefit determination for claims that have been processed.

2. INITIAL BENEFIT DETERMINATION PROCEDURES

- a. Following the procedures outlined in the Care Management section of the Benefit Plan, the Member’s Provider or the Member (when utilizing a Non-Network Provider) will certify an Emergency Admission, request for Pre-Certification, Prior Authorization or Prior Approval of services where required.
- b. Once a claim or request for a Covered Service is received by the Company, the Member or the Provider may be advised if additional information is needed to finalize the claim processing. Company has the right to deny any claim where additional information (i.e. medical records, etc.) is not received within the timeframes provided for making an initial Benefit determination.

c. Time Lines for initial Benefit determinations

(1) Certification of Emergency Admissions

(a) When the Member's Provider or the Member (only when utilizing a Non-Network Provider) requests Certification of an Emergency Admission in accordance with the Care Management section of the Benefit Plan, Company will advise the Member's Provider of a decision as soon as possible taking into account the medical urgency, and in no case later than 72 hours after the request for Certification. Company will provide oral notice of approval to the Provider. If the request is denied, the Company will provide the Member written notification of the decision within three days.

(2) Notice of Initial Benefit Decision for Pre-Certification, Prior Authorization or Prior Approval of Services

(a) Only when the Member or the Member's Provider submits a request for services not yet rendered and the terms of the Care Management or Transplant sections of the Benefit Plan require Pre-Certification, Prior Authorization or Prior Approval, a notification of a determination will be made within a reasonable period of time appropriate to the medical circumstances, but no later than 15 days from receipt of the request for services. The Company has discretion (but is under no obligation) to extend the 15 day time period for reasons beyond the control of the Company.

(b) If the request for Pre-Certification, Prior Authorization or Prior Approval of medical services is approved, Company will advise the Member's Provider of the approval. If the request for Prior Authorization of pharmacy services is approved, Company will advise the Member or the Provider of this decision. If the request for Pre-Certification, Prior Authorization or Prior Approval of either medical or pharmacy services is denied, Company will provide the Member with written notification.

(3) Notice of Initial Benefit Decision for Claims

(a) When a claim is submitted for services that already have been rendered, a notification of a determination will be sent within a reasonable time period but not longer than 30 days from receipt of the claim. The Company has the discretion (but is under no obligation) to extend the 30 day time period for reasons beyond the control of the Company.

d. Appeal Procedures

- (1) The Member or the Member's properly designated Authorized Representative will be entitled to request an appeal of an adverse Benefit determination. An appeal must be filed within 180 days from the receipt of the notice of an initial Benefit determination.
- (2) A request for an appeal must be submitted in writing to CLAIMS REVIEW at the address specified in the initial benefit determination notification or the Explanation of Benefit form.
- (3) The Member's request for an appeal should state why the decision is incorrect. The Member will have the opportunity to submit written comments, documents, or other information in support of the appeal. Once a request for an appeal is received by the Company, the Member or the Provider may be advised if additional information is needed to finalize the decision. Company has the right to deny any appeal where additional information (medical records, etc.) is not received within the timeframes provided for making a decision on an appeal.
- (4) Upon request and free of charge, the Member will have access to and be provided copies of relevant documents. The review of the initial Benefit determination will take into account all new information, whether or not presented or available at the initial determination. No deference will be afforded to the initial determination.
- (5) The appeal will be conducted by a representative of the Company who is neither the individual who made the initial Benefit determination nor the subordinate of such individual. If the appeal involves a medical judgment question, the Company will consult with an appropriately qualified health care practitioner with training and experience in the field of medicine involved in the medical judgment.
- (6) A final decision on an appeal will be made within the time periods specified below:
 - (a) Appeal of an Emergency Admission

In the event the request for Certification of the Emergency Admission is denied, the Member's Provider may request an expedited review of the Certification. This request should be made by telephone, facsimile, or similarly rapid communication method. Utilizing the same communication method, Company will notify the Member's Provider as soon as possible, but in no less than 72 hours after the receipt of the expedited review of the Company's approval or continued denial of the services. The Member will be notified of the continued denial of services.

(b) Appeal of Pre-Certification, Prior Authorization or Prior Approval of Services

When a Member requests an appeal of the Pre-Certification, Prior Authorization or Prior Approval of services, the Member will be notified of the determination within a reasonable period of time taking into account the medical circumstances, but no later than 30 days from the date the request is received.

(c) Appeal of Claims

When the Member requests an appeal of a claim denial, the Member will be notified of the determination or status within a reasonable period of time but no later than 60 days from the date the request is received.

e. Contents of notification for adverse decisions for Pre-Certification, Prior Authorization, Prior Approval of services, claims and appeals.

(1) The notice of initial Benefit determination for adverse decisions for Pre-Certification, Prior Authorizations or Prior Approvals, claims and appeals will contain the following information:

(a) the specific reason or reasons for the adverse determination;

(b) a reference to the Company's claims review procedures and a statement of the Member's rights pursuant to Section 502(a) of ERISA, if the Member's Benefit Plan is subject to ERISA;

(c) state whether the denial is based on a medical necessity exclusion or limitation and advise that the Member will be provided with an explanation of the determination free of charge upon request.

(2) In addition, the notification of an adverse decision for Pre-Certification, Prior Authorization, Prior Approval of services and appeals will disclose whether any internal rule, guideline or protocol was relied on in making the adverse determination and provide that a copy of such information will be made available free of charge upon request. It will reference the specific plan provision on which the Benefit determination is based.

(3) Notifications for Pre-Certification, Prior Authorization or Prior Approvals will also indicate whether additional material or information is needed to perfect the request for services. Notifications for appeals will provide that the Member is entitled to receive upon request and free of charge reasonable access to and copies of all documents, records and other information relevant to the claim for Benefits.

- (4) The notice of initial Benefit determination for adverse claims will also indicate whether additional material or information is needed to perfect the claim.

f. External Review

Member is entitled to request an external review of any Adverse Benefit Determination made under this Benefit Plan. Any such external review must be initiated within 4 months of the receipt of notice of an Adverse Benefit Determination.

O. Legal Action

The Member may not bring a lawsuit to recover Benefits under this Benefit Plan until the Member has exhausted the administrative process described in Section N. No action may be brought at all unless brought no later than 3 years following a final decision on the claim for Benefits by Company. The 3-year statute of limitations on suits for all Benefits shall apply in any forum where the Member may initiate such suit.

P. Release of Information

1. Each Member receiving care under this Benefit Plan authorizes and directs any Provider to furnish to Company, at any time upon its request, all information, records, copies of records or testimony relating to attendance, diagnosis, examination, or treatment. Such authorization and compliance therewith by each Provider affected will be a condition precedent to rights to Benefits to each Member hereunder, and no Benefits will be provided in any case where such authorization is not given full effect. Company will utilize the information described in this paragraph for internal administration of this Benefit Plan, medical analysis, coordination of benefit provisions with other plans, subrogation of claims, or in the reviewing of a disputed claim. Additionally, Company will hold such information, records, or copies of records, as confidential except where in its discretion the same should be disclosed.
2. Company, as part of Care Management activities may disclose health information or information about a Member's utilization to a treating physician or dispensing pharmacy.

Q. Payment of Benefits

Non-Network Benefits and Direct Payment to Member

1. All Benefits payable by Company under this Benefit Plan and any amendment hereto are personal to the Member and are not assignable in whole or in part by the Member, but Company has the right to make payment to a Hospital, Physician, or other Provider (instead of to the Member) for Covered Services which they provide while there is in effect between Company and any such Hospital, Physician, or other Provider an agreement calling for Company to make payment directly to them. In the absence of such an agreement for direct payment, Company will pay to the Member and only the Member those Benefits called for herein and Company will not recognize a Member's attempted assignment to, or direction to pay, another.

2. Hospitals, Physicians, and other Providers which have agreed with Company or another Blue Cross and Blue Shield Plan for such direct payment are, by reason of such agreements, "Network Providers". Those Hospitals, Physicians, and other Providers which do not have such agreements for direct payment are "Non-Network Providers".
3. If Company has offered a Hospital, Physician or other Provider an agreement for direct payment by Company, but there is no such agreement in effect when Covered Services are rendered to a Member by such Hospital, Physician or other Provider, Company will not recognize a Member's attempted assignment to, or direction to pay, such Hospital, Physician or other Provider, but Company will pay to the Member and only the Member those Benefits called for in this Benefit Plan and any amendment thereto.
4. If a Hospital, Physician or other Provider meets Company criteria for Network status but has not yet been offered an agreement for direct payment by Company at the time Covered Services are rendered to a Member, Company will recognize a Member's direction to pay such Hospital, Physician or other Provider.
5. Company reserves the right to select the Hospitals, Physicians, and other Providers with which it will make agreements for direct payment by Company for Covered Services they render Members, based on criteria which include Company's need in the locality, Care Management practices of the Hospital, Physician, or other Provider, quality of services, and the like.
6. When a Provider without an agreement with Company for direct payment by Company, that is, a Non-Network Provider renders Covered Services to a Member, Company, in its discretion, may reduce the level of Benefits payable by the Company under this Benefit Plan and any amendment hereto, for such services, to fifty percent (50%) of the Allowable Charge. NOTE: (1) This provision has no effect on the other provisions of this Benefit Plan which indicate that Benefits are not provided for certain services rendered by a Non-Network Provider (e.g. Immunizations, mammography).
7. The Deductible Amount will remain the same as specified herein and will not be increased or reduced by this provision.

R. Member/Provider Relationship

1. The choice of a Provider is solely the Member's.
2. Company does not render Covered Services but only makes payment for Covered Services received by Members. Company is not liable for any act or omission of any Provider. Company has no responsibility for a Provider's failure or refusal to render Covered Services to a Member.
3. The use or non-use of an adjective such as Network or Non-Network in referring to any Provider is not a statement as to the ability of the Provider.

S. Applicable Law and Venue

This Benefit Plan will be governed and construed in accordance with the laws and regulations of the State of Mississippi except when preempted by federal law. Venue for

any action arising out of this Benefit Plan shall be brought in the State or Federal courts having jurisdiction in Rankin County, Mississippi.

T. Coordination of Benefits (Group and Individual Coverage)

1. Applicability:

- a. This Coordination of Benefits ("COB") section applies to This Plan when the Subscriber or the Subscriber's covered Dependent has health care coverage under more than one plan. "Plan" and "This Plan" are defined below.
- b. If this COB section applies, the Order of Benefit Determination Rules should be looked at first. Those rules determine whether the Benefits of This Plan are determined before or after those of another plan. The Benefits of This Plan:
 - (1) will not be reduced when, under the Order of Benefit Determination Rules, This Plan determines its Benefits before another plan.
 - (2) may be reduced when under the Order of Benefit Determination Rules, another Plan determines its Benefits first. That reduction is described in part 4 of this COB section.

2. Definitions: (Applicable only to Section T)

- a. "Plan" means any health plan which provides services, supplies, or equipment for Hospital, surgical, medical, or Dental Care or Treatment, including but not limited to, coverage under group or individual insurance policies, non-profit health service plans, health maintenance organizations, Subscriber contracts, self-insured group plans, pre-payment plans, automobile or homeowners medical pay-plans, and Medicare as permitted by federal law. This does not include, Medicaid, Hospital daily indemnity plans, specified diseases only policies, limited occurrence policies which provide only for intensive care or coronary care in the Hospital.

Each Plan or other arrangement for coverage is a separate plan. If an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Plan.

- b. "This Plan" means the part of this Group's Master Contract and any Amendatory Rider thereto that provides Benefits for health care expenses.
- c. "Primary Plan"/"Secondary Plan," The Order of Benefit Determination Rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a Primary Plan, its Benefits are determined before those of the other Plan and without considering the other Plan's Benefits.

When This Plan is a Secondary Plan, its Benefits are determined after those of the other Plan and may be reduced because of the other Plan's Benefits.

When there are more than two Plans covering the person, This Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

- d. "Claim Determination Period," means the calendar year during which a person covered by This Plan is eligible to receive Benefits under the provisions of This Plan.
- e. "Group Coverage" means plans or policies which can be obtained only because of employment with or membership in a particular organization, corporation, or other business entity.
- f. "Individual Coverage" means any plan, contract, or policy (other than Group Coverage) which provides Benefits, care, or treatment for an illness or injury and which is sold directly to an individual.

The term "Individual Coverage" will also include any conversion contract or policy issued directly to a group Subscriber or Dependent upon termination of group eligibility.

3. Order of Benefit Determination Rules:

- a. When there is a basis for a claim under This Plan and another plan, This Plan is a Secondary Plan if the other plan contains no provision for Coordination of Benefits. If This Plan and another Plan both contain Coordination of Benefit provisions, the plan that provides group coverage will be the Primary Plan. If both plans provide group coverage, or if both provide Individual Coverage, then This Plan is a Secondary Plan which has Benefits determined after those of the other Plan, unless:
 - (1) the other Plan has rules coordinating its Benefits with those of This Plan; and,
 - (2) both those rules and This Plan's rules, in subparagraph b. below, require that This Plan's Benefits be determined before those of the other Plan.
- b. This Plan determines its order of Benefit payments, as follows:
 - (1) Non-dependent/Dependent: The Benefits of the plan which covers the person as an employee, member or Subscriber (that is, other than as a Dependent) are determined before those of the plan which covers the person as a Dependent; except that if the person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:
 - (a) Secondary to the plan covering the person as a Dependent, and

- (b) Primary to the plan covering the person as other than a Dependent (e.g., a retired employee).

then the Benefits of the plan covering the person as a Dependent are determined before those of the plan covering that person as other than a Dependent.

- (2) Dependent Child/Parents Not Separated or Divorced: Except as stated in subparagraph b.(3) below, when This Plan and another Plan cover the same child as a Dependent of different persons, called "parents."

- (a) the Benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

- (b) if both parents have the same birthday, the Benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time.

- (3) Dependent Child/Separated or Divorced Parents: If two or more plans cover a person who is a dependent child of divorced or separated parents, Benefits for the child are determined in this order:

- (a) first, the plan of the parent with custody of the child;

- (b) then, the plan of the spouse of the parent with custody of the child; and

- (c) finally, the plan of the parent not having custody of the child.

However, if specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the Benefits of the plan of that parent has actual knowledge of those terms, the Benefits of that plan are determined first. This paragraph does not apply when any Benefits are actually paid or provided before the entity has that actual knowledge.

- (4) Joint Custody: If the specific terms of a court decree state that the parents will share joint custody without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child will follow the order of Benefit determination rules outlined in Paragraph 3.b.(2).

- (5) Active/Inactive Employee: The Benefits of a plan which covers a person as an employee who is neither laid off nor retired are determined before those of a plan which covers that person as a laid off or retired employee. The same would hold true if a person

is a Dependent of a person covered as a retiree and an employee. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of Benefits, this rule (5) is ignored.

(6) Continuation coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following will be the order of Benefit determination:

(a) First, the Benefits of a plan covering the person as an employee, member or Subscriber (or as that person's Dependent);

(b) Second, the Benefits under the continuation coverage.

If the other plan does not have the rule described above, and if, as a result, the plans do not agree on the order of Benefits, this rule is ignored.

(7) Longer/Shorter Length of Coverage: If none of the above rules determine the Order of Benefits, the Benefits of the plan which covered an employee, member or subscriber longer are determined before those of the plan which covered that person for the shorter time. SPECIAL NOTE: For the purposes of this subparagraph (7) only, a change in the entity that pays, provider, or administers the plans; or a change from one type of benefit plan to another type of benefit plan; or a change in the level or scope of a plan's benefits shall not constitute the start of a new plan; therefore, the covered employee, member or Subscriber shall not be able to claim a shorter coverage period under this subparagraph.

4. Effect on the Benefits of This Plan:

This Section 4 applies when, in accordance with Section 3, This Plan is a Secondary Plan as to one or more other plans. In that event This Plan will provide Benefits based on the difference between the amount the other Plan or Plans paid and the amount established by Blue Cross & Blue Shield of Mississippi as the maximum amount for Provider Services covered under the terms of This Plan. Additionally, in the event the amount that the Primary Plan pays exceeds the amount established by Blue Cross & Blue Shield of Mississippi as the maximum amount for Provider services covered under the terms of This Plan, This Plan will incur no secondary liability. Note: In no event will the amount This Plan provides as Secondary Plan exceed the amount it would have provided as the Primary Plan.

5. Right to Receive and Release Needed Information:

Company has the right to deny all claims unless and until the Member provides Company with the requested facts and any of the insurance information needed to apply the Coordination of Benefits Rules.

6. Facility of Payment:

A payment made under another Plan may include an amount which should have been paid under This Plan. Blue Cross & Blue Shield of Mississippi may pay that amount to the organization which made that payment. That amount will then be treated as though it were a Benefit paid under This Benefit Plan. Blue Cross & Blue Shield of Mississippi, will not have to pay that amount again. The term "payment made" includes providing Benefits in the form of services, in which case the payment made will be deemed to be the reasonable cash value of any Benefits provided in the form of services.

7. Right of Recovery:

If the amount of the payments made by Blue Cross & Blue Shield of Mississippi is more than it should have paid under this COB provision, it may recover the excess. It may get such recovery or payment from one or more of:

- a. The persons it has paid or for whom it has paid;
- b. Insurance companies; or
- c. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any Benefits provided in the form of services.

8. Medical Payments Coverage

- a. Where any medical payment sums are applicable to a Member under any coverages, including but not limited to automobile and premises policies, the limits of any such applicable coverage must be applied to related claims before any benefits will be provided under This Plan.
- b. Member will take such action, furnish such information and assistance and execute such papers as Company may require in order to document that the applicable medical payment monies have been fully utilized.
- c. In the event that applicable medical payment monies have not been fully utilized for related claims prior to the time This Plan begins providing benefits for related claims, Company may determine or deem certain claims to be the responsibility of medical payments coverage and may recover directly from the provider of services any payments previously made in order to facilitate full use of the applicable medical payment monies to related claims. Where any related claims for which benefits have been provided are determined or deemed to be the responsibility of medical payments coverage, Benefits under This Plan will be denied for these same services and shall be the financial responsibility of the Member.

U. Working Aged Provisions

1. For employers having 20 or more active employees, federal law and regulations require that, each active Employee, age 65 or older, and each active Employee's spouse age 65 or older, may elect to have coverage under this Benefit Plan or under Medicare.
 - a. Where such Employee or such spouse elects coverage under this Benefit Plan, this Benefit Plan will be the primary payor of Benefits with the Medicare program the secondary payor.
 - b. This Benefit Plan will not provide Benefits to supplement Medicare payments for an active Employee age 65 or older or for a spouse age 65 or older of an active Employee where such Employee or such spouse elects to have the Medicare program as the primary payor.
2. Under federal law if an active Employee under age 65 or an active Employee's Dependent under age 65 is covered under a group Benefit Plan of an employer with 100 or more employees and also has coverage under the Medicare program by reason of social security disability, the group Benefit Plan is the primary payor and Medicare is the secondary payor.
3. For persons under age 65 who are covered under this Benefit Plan and who also have coverage under the Medicare program solely by reason of end-stage renal disease, the Medicare program will be the primary payor and this Benefit Plan the secondary payor except that during the first 21-month period that such persons are eligible for Medicare Benefits solely by reason of end-stage renal disease, this Benefit Plan will be the primary payor and Medicare the secondary payor.
4. Effective August 10, 1993, if a person is eligible for or entitled to Medicare based on end-stage renal disease, the Medicare Program will be the secondary payor and this Benefit Plan will be the primary payor during the first 21 months of end-stage renal disease-based eligibility or entitlement or the portion of that period occurring after August 9, 1993, even if the person is also entitled to Medicare based on age or disability.
5. When this Benefit Plan is the primary payor, it will provide regular Benefits toward Covered Services. When this Benefit Plan is the secondary payor, it will provide Benefits not to exceed the difference between actual charges for services and the amount paid by Medicare (or the difference between the Medicare approved charge and the amount Medicare paid if assignment is accepted by the Physician).
6. In order for Company to identify dual coverage situations and to determine whether primary or secondary payment should be made for a Member's claim, the Group agrees to provide all necessary information requested by Company. The Group, as well as its employees and covered Dependents, is responsible for the accuracy of the information provided to Company. Company will not be responsible for any inaccurate information provided by the Group or the employees and Dependents covered under this Benefit Plan.

7. Effective August 5, 1997, if a person is eligible for or entitled to Medicare based on end-stage renal disease, the Medicare Program will be the secondary payor and this Benefit Plan will be the Primary Payor during the first 30 months of end-stage renal disease based on eligibility or entitlement (Special Note: This rule applies to individuals whose coordination period began on or after March 1, 1996. The 30 month period does not apply to individuals who reach their 21 month point, as outlined in Paragraph 4 above, on or before July 31, 1997. This Benefit Plan will only be the Primary Payor for a 21 month period for the aforementioned individuals.

V. Notice and Change of Address

Any notice required by the Member or the Group under this Benefit Plan must be submitted electronically. Notice given to the Member will be sent electronically to the Member's email address stated in the Application, or notice given to the Group will be sent electronically to the Group's email address as the same appears on the records of Company. Notice given to Company can be sent electronically or by mail to the Company's address stated in the Application.

The Member or the Group must ensure that the current physical and email addresses are provided to Company. In the event the Member's physical or email address changes, he or she must immediately provide notification of the new address to Company, or in the event, the Group's physical or email address changes, the Group must immediately provide notification of the new address to Company. Company, in its discretion, may utilize a third party vendor to update and verify the Member's or Group's physical and email addresses.

W. Subrogation-Work Related

1. In order to provide Benefits and/or where Benefits have already been provided for Covered Services under the terms of the Benefit Plan for any injury, illness or condition for which a claim has been or will be pursued under any worker's compensation laws, which would otherwise be excluded under the Benefit Plan, an Accident Questionnaire must be completed and submitted by the Member or one authorized by law to act on the Member's behalf. Payments of any Benefits with notice to the worker's compensation carrier will allow Company to be subrogated to and succeed to the rights of the Member for recovery against the employer or carrier. Nothing contained in this Section will be deemed to change, modify or vary the terms of the Coordination of Benefits section of the Benefit Plan.
2. Pursuant to the above provision, the Member agrees to provide Company with prior notice of and opportunity to participate in any settlement of Member's claim and further agrees that, as a part of any worker's compensation settlement, Company will be reimbursed in accordance with applicable laws for Benefits paid under the Plan.
3. Member will take such action, furnish such information and assistance and execute such papers as Company may require to facilitate enforcement of its rights and will take no action prejudicing the rights and interest of Company under the Benefit Plan.
4. The Member must immediately notify the Company or any injury, illness or condition for which a claim has been or will be pursued under any applicable worker's compensation laws.

X. Subrogation-Third Party

1. In order to provide Benefits and/or where Benefits have already been provided for Covered Services under the terms of the Benefit Plan for injuries growing out of any act or omission of another party for which a claim or recovery is or will be pursued, which would otherwise be excluded under the Benefit Plan, an Accident Questionnaire must be completed and submitted by the Member or one authorized by law to act on the Member's behalf within thirty (30) days of receipt of same.
2. Payments of any Benefits will allow Company to be subrogated to and succeed to the rights of the Member for recovery against any person, organization or carrier in accordance with applicable laws. In the event the Member is a minor, Chancery Court approval must be obtained prior to the payment of any Benefits. Any subrogation claim shall be a first priority lien on the full or partial proceeds of any settlement, judgment or other payment recovered by or on behalf of the Member to the extent allowed by law. Also, to the extent permitted by law, this lien applies whether or not the covered person has been fully compensated for all of his or her losses. To the extent allowed by law, Company's rights under this provision cannot be defeated by allocating the proceeds, in whole or in part, to non-medical damages. Nothing contained in this Section will be deemed to change, modify or vary the terms of the Coordination of Benefits section of this Plan.
3. Pursuant to the above provision, the Member agrees to provide Company with prior notice of and opportunity to participate in any settlement of Member's claim and further agrees that, as a part of any settlement, Company will be reimbursed in accordance with applicable laws for Benefits paid under this Plan.
4. Member will take such action, furnish such information and assistance and execute such papers as Company may require to facilitate enforcement of its rights and will take no action prejudicing the rights and interest of the Company under this Plan.
5. The Member must immediately notify the Company of any claim or recovery which will be pursued as a result of an act or omission of another party.
6. The right to recover by subrogation shall apply to settlements or recoveries of deceased persons, disabled Subscribers, minor dependents of a Subscriber, or disabled Eligible Dependents.

Y. Contractual Right To Reimbursement

1. In order to provide Benefits and/or where Benefits have already been provided for Covered Services under the terms of the Benefit Plan for injuries growing out of any act or omission of another party for which a claim or recovery is or will be pursued, which would otherwise be excluded under the Benefit Plan, an Accident Questionnaire must be completed and submitted by the Member or one authorized by law to act on the Member's behalf within thirty (30) days of receipt of same.

2. In the event a Member receives full or partial proceeds from any other source for Covered Services for an Illness or Injury, Company has a contractual right of reimbursement to the extent Benefits were paid under this Contract for the same Illness or Injury. To the extent permitted by law, this contractual right shall be a first priority lien on the full or partial proceeds of any settlement, judgment or other payment recovered by or on behalf of the Member. To the extent allowed by law, this lien applies whether or not the covered person has been fully compensated for all of his or her losses.
3. Such proceeds may include any settlement; judgment; payments made under group auto insurance; individual or group no-fault auto insurance; another person's uninsured, underinsured or medical payment insurance; or proceeds otherwise paid by a third party. This contractual right to reimbursement is in addition to, and separate from, the subrogation right. To the extent allowed by law, Company's rights shall not be defeated by allocating the proceeds in whole or in part, to non-medical damages.
4. The right to recover by reimbursement shall apply to settlements or recoveries of deceased persons, disabled Subscribers, minor dependents of a Subscriber, or disabled Eligible Dependents. In the event the Member is a minor, Chancery Court Approval must be attained prior to the payment of any benefits.
5. The Member agrees to fully cooperate and assist in any way necessary to recover such payments, including but not limited to notifying Company of a claim or lawsuit filed on his or her behalf or on behalf of any Eligible Dependents for an Injury or Illness. The Member or an authorized representative shall contact Company prior to settling any claim or lawsuit to obtain an updated itemization of its subrogation claim or reimbursement amount due. To the extent allowed by law, upon receiving any proceeds subject to this Section, the Member or an authorized representative must hold in trust proceeds in an amount equal to Benefits paid by Company in connection with injuries growing out of any act or omission of another party until such time as the proceeds can be transferred to the Company. Such party holding the funds that rightfully belong to the Company shall not interrupt or prejudice the Company's recovery under this Section.

Z. Right of Recovery

Whenever any payment for Covered Services has been made by Company in an amount that exceeds the maximum Benefits available for such services under this Benefit Plan, or whenever payment has been made in error by Company for non-covered services, Company will have the right to recover such payment from the Member or, if applicable, the Provider. As an alternative, Company reserves the right to deduct from any pending claim for payment under this Benefit Plan any amounts the Member or Provider owes Company.

AA. Coverage in a Veterans Administration or Military Hospital (As Required by COBRA)

In any case in which a veteran is furnished care or services by the Veterans Administration for a non-service connected disability, the United States will have the right to recover or collect the reasonable cost of such care or services from Company to the extent the veteran would be eligible for Benefits for such care or services from Company if the care or services has been furnished by a Provider other than the Veterans Administration. The amount that the United States may recover will be reduced by the appropriate Deductible Amount and Co-payment amount. The intent of this provision is to comply with PL 99-272, section 19013.

The United States will have the right to collect from Company the reasonable cost of Inpatient Hospital care incurred by the United States on behalf of a military retiree or a military Dependent through a facility of the United States military to the extent that such retiree or Dependent would be eligible to receive reimbursement or indemnification from Company if the retiree or Dependent were to incur such cost on his or her own behalf. The amount that the United States may recover will be reduced by the appropriate Deductible Amount and Co-payment amount. The intent of this provision is to comply with PL 99-272, section 2001.

BB. Independent Corporation

The Group on behalf of itself and its participants hereby expressly acknowledges its understanding that this agreement constitutes a contract solely between the Group and Blue Cross & Blue Shield of Mississippi, that Blue Cross & Blue Shield of Mississippi is an independent corporation operating under a license with the Blue Cross and Blue Shield Association (hereinafter referred to as "the Association"), an association of independent Blue Cross & Blue Shield Plans, the Association permitting Blue Cross & Blue Shield of Mississippi to use the Blue Cross and Blue Shield Service Mark in the State of Mississippi, and that Blue Cross & Blue Shield of Mississippi is not contracting as the agent of the Association. Group further acknowledges and agrees that it has not entered into this agreement based upon representations by any person other than Blue Cross & Blue Shield of Mississippi and that no person, entity, or organization other than Blue Cross & Blue Shield of Mississippi shall be held accountable or liable to the Group for any of Blue Cross & Blue Shield of Mississippi's obligations to the Group created under this agreement. This paragraph shall not create any additional obligations whatsoever on the part of Blue Cross & Blue Shield of Mississippi other than those obligations created under other provisions of this agreement.

CC. Certification of Coverage

1. A Member will utilize the Certification of Coverage (hereinafter Certificate) to demonstrate prior creditable coverage for a new group health plan. Company will issue a Certificate to a Member in accordance with the following provisions:
 - (a) The Member experiences a loss of coverage under this Benefit Plan. Company will issue a certificate within a reasonable time period after Company has notice that the Member has had a loss of coverage.
 - (b) The Member exhausts COBRA Continuation Coverage. Company will issue a Certificate within a reasonable time period after Company has notice that the Member's COBRA Continuation Coverage has been exhausted.
 - (c) The Member exhausts Continuation of Coverage (As required by Section 83-9-51 as amended, Mississippi Code of 1972), Company will issue a Certificate within a reasonable time period after Company has notice that the Member's Continuation Coverage has been exhausted.
 - (d) The Member requests a Certificate within 24 months after his or her coverage under this Benefit Plan ceases. Company will issue the Certificate within a reasonable time period after Company receives the request from the Member or another designated party, if authorized by

the Member. The Member may request a Certificate by contacting Company's Customer Service Representatives.

- (e) The Member requests a Certificate at any time the Member is covered under this Benefit Plan. Company will issue the Certificate within a reasonable time period after Company receives the request from the Member or another designated party, if authorized by the Member.
- 2. Company is not required to issue a Certificate that was provided by another party, the Group or another carrier.
- 3. Company is not required to automatically issue a Certificate when the Group replaces this Benefit Plan with the coverage of another carrier.
- 4. Company is not required to issue a Certificate when the Member changes plan options offered by the Group.

DD. Family Medical and Leave Act of 1993

Member may be eligible for certain rights under the Family Medical and Leave Act of 1993.

EE. Out-Of-Area Services

Company has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever the Member obtains healthcare services outside of Company's service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program.

Typically, when accessing care outside Company's service area, the Member will obtain care from healthcare providers that have a contractual agreement (i.e., are "Network Providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, the Member may obtain care from Non-Network Providers. Company's payment practices in both instances are described below.

1. BlueCard® Program

Under the BlueCard® Program, when the Member accesses covered healthcare services within the geographic area served by a Host Blue, Company will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Network Providers.

Whenever the Member accesses covered healthcare services outside Company's service area and the claim is processed through the BlueCard Program, the amount the Member pays for covered healthcare services is calculated based on the lower of:

- a. The billed covered charges for the Member's Covered Services; or
- b. The negotiated price that the Host Blue makes available to Company.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Member's healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with the Member's healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Company uses for the Member's claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to the Member's calculation. If any state laws mandate other liability calculation methods, including a surcharge, Company would then calculate the Member's liability for any covered healthcare services according to applicable law.

2. Non-Network Providers Outside Company's Service Area

a. Member Liability Calculation

When covered healthcare services are provided outside of Company's service area by Non-Network Providers, the amount the Member's pays for such services will generally be based on either the Host Blue's Non-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the Non-Network Provider bills and the payment Company will make for the covered services as set forth in this paragraph.

b. Exceptions

In certain situations, Company may use other payment basis, such as billed covered charges, the payment Company would make if the healthcare services had been obtained within Company's service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount Company will pay for services rendered by Non-Network Providers. In these situations, the Member may be liable for the difference between the amount that the Non-Network Provider bills and the payment Company will make for the covered services as set forth in this paragraph.

FF. Provider Network Directory

The Member may request a copy of the Network Provider Directory by visiting Company's web site at www.bcbsms.com or by contacting Company's Customer Service Department. This directory includes Physicians, Hospitals, and Allied Providers that have a business agreement with Company. This directory will be provided at no charge to the Member.

GG. Qualified Medical Child Support Orders

The Omnibus Budget Reconciliation Act of 1993 (OBRA 93) mandates that group health plans provide Benefits according to Qualified Medical Child Support Order (QMCSO) requirements. QMCSO's are judgements, decrees, or court orders that create or recognize a child's right to receive benefits under a group health plan. QMCSO's must contain:

1. The name and last known address of the participant and each covered by the order;
2. Type of coverage the group will provide to each child;
3. The period of time that the order covers; and
4. Each plan (medical, dental)

The Member may request from the Group the written procedures for QMCSO. This information is available at no charge to the Member.

Uses and Disclosures of Medical Information

Treatment: We may disclose your medical information, without your permission, to a physician or other health care provider to treat you.

Payment: We may use and disclose your medical information, without your permission, to pay claims from physicians, hospitals and other health care providers for services delivered to you that are covered by your health plan, to determine your eligibility for benefits, to coordinate your benefits with other payers, to determine the medical necessity of care delivered to you, to obtain premiums for your health coverage, to issue explanations of benefits to the subscriber of the health plan in which you participate, and the like. We may disclose your medical information to a health care provider or another health plan for that provider or plan to obtain payment or engage in other payment activities.

Health Care Operations: We may use and disclose your medical information, without your permission, for health care operations. Health care operations include:

- health care quality assessment and improvement activities;

- conducting or arranging for medical reviews, audits, and legal services, including fraud and abuse detection and prevention;
- underwriting and premium rating our risk for health coverage, and obtaining stop-loss and similar reinsurance for our health coverage obligations; and
- business planning, development, management, and general administration, including customer service, grievance resolution, claims payment and health coverage improvement activities, de-identifying medical information, and creating limited data sets for health care operations, public health activities, and research.

We may disclose your medical information to another health plan or to a health care provider subject to federal privacy protection laws, as long as the plan or provider has or had a relationship with you and the medical information is for that plan's or provider's health

care quality assessment and improvement activities, competence and qualification evaluation and review activities, or fraud and abuse detection and prevention.

Your Authorization: You may give us written authorization to use your medical information or to disclose it to anyone for any purpose. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosure permitted by your authorization while it was in effect. Unless you give us a written authorization, we will not use or disclose your medical information for any purpose other than those described in this notice.

Spouses and Others Involved in Your Care or Payment for Care: We may disclose your medical information to a spouse covered under your benefit plan. We will disclose only the medical information that is relevant to your spouse's involvement. We may use or disclose your name, location, and general condition to notify, or to assist an appropriate public or private agency to locate and notify, a person responsible for your health care in appropriate situations, such as a medical emergency or during disaster relief efforts.

If you are present at the time of disclosure, we will provide you with an opportunity to object. If you are not present or are incapacitated or it is an emergency or disaster relief situation, we will use our professional judgment to determine whether disclosing your medical information is in your best interest under the circumstances.

Your Employer: We may disclose to your employer whether you are enrolled or disenrolled in a health plan that your employer sponsors. We may disclose summary health information to your employer to use to obtain premium bids for the health insurance coverage offered under the group health plan in which you participate or to decide whether to modify, amend or terminate that group health plan. Summary health information is aggregated claims history, claims expenses or types of claims experienced by the enrollees in your group health plan. Although summary health information will be stripped of all direct identifiers of these enrollees, it still may be possible to identify medical information contained in the summary health information as yours.

We may disclose your medical information and the medical information of others enrolled in your group health plan to your employer to administer your group health plan. Before we may do that, your employer must amend the plan document for your group health plan to

establish the limited uses and disclosures it may make of your medical information. Please see your group health plan document for a full explanation of those limitations.

Health-Related Products and Services:

We may use your medical information to communicate with you about health-related products, benefits and services, and payment for those products, benefits and services, that we provide or include in our benefits plan, and about treatment alternatives that may be of interest to you. These communications may include information about the health care providers in our network, about replacement of or enhancements to your health plan, and about health-related products or services that are available only to our enrollees that add value to, although they are not part of, our benefits plan.

Public Health and Benefit Activities: We may use and disclose your medical information, without your permission, when required by law, and when authorized by law for the following kinds of public health and interest activities, judicial and administrative proceedings, law enforcement, research, and other public benefit functions:

- for public health, including to report disease and vital statistics, child abuse, and adult abuse, neglect or domestic violence;

- to the military, to federal officials for lawful intelligence, counterintelligence, and national security activities, and to correctional institutions and law enforcement regarding persons in lawful custody; and
- as authorized by state worker's compensation laws.

You should submit your request to the contact at the end of this notice. You may obtain a form from that contact to make your request.

We may charge you reasonable, cost-based fees for a copy of your medical information, for mailing the copy to you, and for preparing any summary or explanation of your medical information you request. Contact us using the information at the end of this notice for information about our fees.

Disclosure Accounting: You have the right to a list of instances after April 14, 2003, in which we disclose your medical information for purposes other than treatment, payment, health care operations, as authorized by you, and for certain other activities.

You should submit your request to the contact at the end of this notice. You may obtain a form from that contact to make your

request. We will provide you with information about each accountable disclosure that we made during the period for which you request the accounting, except we are not obligated to account for a disclosure that occurred more than 6 years before the date of your request and never for a disclosure that occurred before April 14, 2003. If you request this accounting more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to your additional requests. Contact us using the information at the end of this notice for information about our fees.

Amendment: You have the right to request that we amend your medical information. Your request must be in writing, and it must explain why the information should be amended. You should submit your request to the contact at the end of this notice. You may obtain a form from that contact to make your request.

We may deny your request only for certain reasons. If we deny your request, we will provide you a written explanation. If we accept your request, we will make your amendment part of your medical information and use reasonable efforts to inform others of the amendment who

we know may have and rely on the unamended information to your detriment, as well as persons you want to receive the amendment.

Restriction: You have the right to request that we restrict our use or disclosure of your medical information for treatment, payment or health care operations, or with family, friends or others you identify. We are not required to agree to your request. If we do agree, we will abide by our agreement, except in a medical emergency or as required or authorized by law. You should submit your request to the contact at the end of this notice. You may obtain a form from that contact to make your request. Any agreement we may make to a request for restriction must be in writing signed by a person authorized to bind us to such an agreement.

Confidential Communications: You have the right to request that we communicate with you about your medical information in confidence by alternative means or to alternative locations that you specify. You must make your request in writing, and your request must represent that the information could endanger you if it is not communicated in confidence as you request. You should submit your request to the contact at the end of this notice. You may

obtain a form from that contact to make your request.

We will accommodate your request if it is reasonable, specifies the alternative means or location for confidential communications, and continues to permit us to collect premiums and pay claims under your health plan, including issuance of explanations of benefits to the subscriber of that health plan. Please note that an explanation of benefits and other information that we issue to the subscriber about health care that you received for which you did not request confidential communications, or about health care received by the subscriber or by others covered by the health plan in which you participate, may contain sufficient information to reveal that you obtained health care for which we paid, even though you requested that we communicate with you about that health care in confidence.

Electronic Notice: If you receive this notice on our web site or by electronic mail (e-mail), you are entitled to receive this notice in written form. Please contact us using the information at the end of this notice to obtain this notice in written form.
