Rule 20.22 Group Capital Calculation

- A. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state commissioner makes a determination based upon that filing that the insurance holding company system meets all of the following criteria:
- 1. Has annual direct written and unaffiliated assumed premium (including International direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000;
 - 2. Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;

3. Has no banking, depository or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;
 4. The holding company system attests that there are no material changes in the transactions between insurers and non-insurers in the group that have occurred since the last filing of the annual group capital; and
 5. The non-insurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.
- B. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to accept in lieu of the group capital calculation a limited group capital filing if:
1. The insurance holding company system has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000; and all of the following additional criteria are met:
 - i. Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
 - ii. Does not include a banking, depository or other financial entity that is subject to an identified regulatory capital framework; and
 - iii. The holding company system attests that there are no material changes in transactions between insurers and non-insurers in the group that have occurred since the last filing of the report to the lead state commissioner and the non-insurers within the holding company system do not pose a material financial risk to the insurers ability to honor policyholder obligations.
- C. For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant Rules 20.22(A) and 20.22(B) of this regulation, the lead state commissioner may require at any time the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC Group Capital Calculation Instructions, if any of the following criteria are met:
1. Any insurer within the insurance holding company system is in a Risk-Based Capital action level event as set forth in *Miss Code Ann.* §§83-5-405 through 83-5-411, or a similar standard for a non-U.S. insurer; or

2. Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in 19 Miss. Admin. Code, Pt. 1, Rules 39.03 and 39.04; or
 3. Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state commissioner based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.
- D. A non-U.S. jurisdiction is considered to “recognize and accept” the group capital calculation if it satisfies the following criteria:
1. With respect to *Miss. Code Ann.* §83-6-5(5)(n)(4).
 - i. The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital, by providing confirmation by a competent regulatory authority, in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC under the NAIC Accreditation Program shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or
 - ii. Where no U.S. insurance groups operate in the non-U.S. jurisdiction, that non-U.S. jurisdiction indicates formally in writing to the lead state with a copy to the International Association of Insurance Supervisors that the group capital calculation is an acceptable international capital standard. This will serve as the documentation otherwise required in Rule 20.22(1)(a)
 2. The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state commissioner in accordance with a memorandum of understanding or similar document between the commissioner and such jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The commissioner shall determine,

in consultation with the NAIC Committee Process, if the requirements of the information sharing agreements are in force.

- E. A list of non-U.S. jurisdictions that “recognize and accept” the group capital calculation will be published through the NAIC Committee Process:
1. A list of jurisdictions that “recognize and accept” the group capital calculation pursuant to *Miss. Code Ann* §83-6-5(5)(b)(i)(4), is published through the NAIC Committee Process to assist the lead state commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under *Miss. Code Ann* §83-6-5(5)(b)(i)(4). To assist with a determination under *Miss. Code Ann* §83-6-5(5)(b)(ii), the list will also identify whether a jurisdiction that is exempted under either *Miss. Code Ann* §83-6-5(5)(b)(i)(3) and *Miss. Code Ann* §83-6-5(5)(b)(i)(4) requires a group capital filing for any U.S. based insurance group’s operations in that non-U.S. jurisdiction.
 2. For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of Rule 20.22(D)(1)(b)(ii) will serve as support for recommendation to be published as a jurisdiction that “recognizes and accepts” the group capital calculation through the NAIC Committee Process.
 3. If the lead state commissioner makes a determination pursuant to *Miss. Code Ann* §83-6-5(5)(b)(i)(4) that differs from the NAIC List, the lead state commissioner shall provide thoroughly documented justification to the NAIC and other states.
 4. Upon determination by the lead state commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to “recognize and accept” the group capital calculation, the lead state commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that “recognize and accepts” the group capital calculation.

Rule 20.23 Adequacy of Surplus

The factors set forth in Section 83-6-23 of the Act are not intended to be an exhaustive list. In determining the adequacy and reasonableness of an insurer’s surplus no single factor is necessarily controlling. The Commissioner, instead, will consider the net effect of all of these factors plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Commissioner will consider the extent to which each of these factors varies from company to company and in determining the quality and liquidity of investments in

subsidiaries, the Commissioner will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.
