Mississippi Insurance Department Announces FY26 Fire Rebate Fund Distributions

JACKSON, Miss. – The Mississippi Insurance Department Fire Services Division distributed an estimated \$23 million in FY26 Fire Rebate Funds to support fire protection services across Mississippi during the month of August.

The funds include \$11.5 million for 82 counties and \$11.5 million for 294 municipalities. Individual distributions vary based on the applicable county and municipal allocations.

Rebate funds may be used for authorized fire-protection purposes, including firefighter training, fire trucks and firefighting equipment, insurance on firefighting equipment, fire stations and facilities, approved fire protection service contracts, and technology needed for required incident reporting.

“These funds provide critical support to fire departments across Mississippi, helping communities purchase fire trucks and other essential equipment and invest in the training firefighters need to respond when emergencies happen. We hope to see even more funds distributed in 2027, upon approval from the state legislature. By supporting those who protect us, we are helping keep our communities safer,” said State Fire Marshal and Insurance Commissioner Mike Chaney.

Counties and municipalities receiving funds are required to maintain the funds in dedicated accounts, keep them separate from other revenue, meet reporting requirements and use the funds only for authorized purposes. Funds must be transferred into the appropriate dedicated rebate account within 30 days of receipt.

The Mississippi Insurance Department reminds local officials that the listed amounts are estimates and are subject to program eligibility and compliance requirements. Improper use or mismanagement of funds may result in repayment, suspension or loss of future funding eligibility.

A full list of recipients and rebate amounts is attached.
